AMEN'S POST-GAME COMMENTS:

"I don't know what to say. Our boys really played a tremendous contest and came within one play of victory. That fourth down and 10 play with 1:45 remaining in the game was the play that beat us. We had them, and could have held onto the ball the rest of the way. We knew that Clemson had a good ball club, but our boys battled them all the way. I just can't say enough about my boys. It is the greatest group I have ever been associated with. Eddie Moore along with a couple of other boys really did themselves proud in the forward wall. I repeat—I just don't know what we have got to do to win a game."

COACH HOWARD'S STATEMENT:

I told Coach Amen yesterday that I didn't see how his boys had lost eight straight ball games playing like they have. As the game showed today, Wake Forest has a mighty fine club, and I repeat my statement again—I don't see how they've dropped so many games in a row. I guess there was a little letdown on our club after that fine effort against Duke, but we certainly weren't blocking and tackling like we should have been. But despite the fact that we were behind, lost several fumbles and dropped passes, the team still came fighting back. That first touchdown look nigh impossible when we were deep in our territory and less than four minutes to go. The key play in the drive ~~was~~ was White's pass to Jordan on a fourth and 10 situation at the Wake Forest 45.
