DIY

Hip hip hooray! You have successfully downloaded our signature HOORAY flags! We hope that you will use these to bring some fun to your party or occasion.

All you need to do now is to follow the easy steps below to bring your flags to life! It takes approx 30 minutes to complete one sheet so get all your supplies ready and get cracking.

what you need...

- * white paper
- *scissors
- *glue
- *toothpicks or skewers
- *cupcakes (optional)

STEPS

1. Print out the required number of sheets
2. Use your scissors to cut out the flags, try take your time as if you cut skew, they won't line up properly
3. Get your tooth picks ready and fold each of the flags in half so they now make little triangles
4. Glue one inside of the flag, place your toothpick in the crease and then stick your flag together, tightly securing it around the toothpick or skewer
5. Stick your flag into something fun, we reccomend cupcakes but you can go wild!
