

# SWASHBUCKLE BIRDS

The time of pirates ruling the high seas are over. Outwitted, outsmarted, and outplayed by the Fearful Four, who once belonged on their captains' shoulders, they now reign the seas as Pirotts!

Pirotts is a 5x5 grid, shiver me timbers slot. Introducing the CollectR™ mechanic, Pirotts comes with expanding game grid, symbol upgrade, symbol transform, wilds, coin wins, a bonus game, and a max potential of 10 000x bet.

**X-iter™**

X-iter™ allows players to jump straight into the action with 5 different game modes ranging from a 3x bet with more than four times the chance to land a bonus, to a 500x bet Super Bonus with Max grid size and upgrade feature upgrades all gems.

The CollectR mechanic allows each symbol to pay as long as its respective bird is in a vertical or horizontal adjacent spot on the game grid.

The birds move and collect any orthogonally adjacent gems in their respective color. Feature symbols are collected by all birds.

Each symbol collected adds to the feature meter. Once full, it awards three chests of feature symbols.

## BONUS GAME

Bonus is triggered if the birds collect three bonus symbols during a game round. Grid size, win level of gems, and feature meter are persistent throughout the bonus game.

## Recommended size and ratio for desktop browsers

For the optimal gaming experience, ELK Studios recommend launching the game in 1600x900 resolution. If scaling is required, use 16:9 ratio.

## Technology

ELK games uses state of the art web technologies including support for canvas and WebGL. The client detects the capabilities of the device regardless if the player is running on a desktop, tablet or mobile.

The game client will then optimize the gaming experience based on those parameters.

# ELK Studios

## We build great casino games

Since founded in 2013, ELK Studios has pushed boundaries in the online casino industry. From groundbreaking mathematics to astonishing artwork, ELK takes pride in developing entertaining mobile first content that maximizes the experience for players around the world.

Our games are developed and compiled by our inhouse studio in Sweden, and we use well known test centers such as Trisigma and Gaming Laboratories International to certify them. Once released, all games are operated by partners and operators who hold license in each market.
