**OCEAN SAFETY®**

Ocean Safety,  
Saxon Wharf,  
Lower York Street,  
Southampton,  
SO14 5QF, UK.

[www.oceansafety.com](http://www.oceansafety.com)

The Ocean Safety Helicopter Lifting Strop has been developed to aid in the recovery of casualties from a height. The webbing lifting strop arrangement is encased within protective foam padding for improved comfort during lifting. The product is manufactured using a highly visible fabric and includes SOLAS grade retro reflective tape to assist in location in poor visibility or low light.

## KEY FEATURES

- Retro-reflective tape
- Compatible with an inflated lifejacket
- High visibility outer cover
- Stainless steel D-rings
- Made from tough PVC
- Proof load - 250kg
- Safe working load - 125kg
- Each strop supplied with certificate of conformity
