OCEAN ISO ULTRALITE LIFERAFT

OCEAN SAFETY®

Ocean Safety,
Saxon Wharf,
Lower York Street,
Southampton,
SO14 5QF, UK.

www.oceansafety.com

The Ocean UltraLite liferaft utilizes carbon composite technology to achieve an amazing 30% weight reduction, compared to the traditional range of Ocean ISO liferafts.

This liferaft offers the huge benefits of a lightweight solution for yacht designers but most importantly larger liferafts are now easier to handle and deploy.

With a less than 24 hour survival pack a 10 man canister UltraLite weighs little more than a conventional 4 man valise liferaft.
