About the Alliance

The Post Covid-19 Alliance is a group of companies in the tourism sector whose common objective is to both adapt their operations to new health needs and to transmit confidence to the market. This group is coordinated by Preverisk, which will provide information that is useful to the sector's objectives and will receive feedback from the participants.

Agreements

This Alliance does not imply any commercial or economic commitment between the Participants and Preverisk.

Preverisk and the Participants of the Alliance can make promotional use of the Post Covid-19 Alliance, communicate about the objectives of the Alliance and those of the company and undertake other promotional initiatives that arise to transmit confidence to the market with the aim of achieving the recovery of the sector as soon as possible.

This Alliance is not of exclusive character. Any Participant may belong to other types of group or strategic partnership with regards to post Covid-19 market recovery or otherwise.

The intellectual property of ideas, initiatives, innovations, and any development within the Alliance will be attributed to Preverisk and shared with the Participants.

All shared information is strictly confidential, and only Participants of the Alliance are entitled to make use of it. Without the previous consent of Preverisk, shared information shall not be sent to non-participating third parties.

Each Participant will appoint a maximum of 3 contact persons, who will act as the links between the Alliance and the Participant:
