Rijckaert  
Vignerons - Vinificateur

Terroirs du JURA

The Domaine Rijckaert was created in 1998 by Jean Rijckaert, a passionate Belgian established as wine producer in Burgundy since 1990. In addition to 4 hectares in South Burgundy, the Domaine RIJCKAERT cultivates 5,5 ha of vineyards in the JURA, where Jean fell in love with these outstanding *terroirs*! Thus, we have two cellars: one at Davayé (South Burgundy, near Mâcon), one at Villette-les-Arbois, near Arbois in the Jura. The Maison RIJCKAERT also purchases fine grapes, which are vinified with the same precision and care than its own vineyards.

Jean met his alter ego, Florent Rouve, in 2013, to whom he has gradually passed down his activities and above all his great savoir-faire.

They share a same vision of winemaking : restricted yields, handpicked harvest, slow and moderate pressings, indigenous yeasts, long aging into barrels, and...some precious secrets! A careful and natural winemaking, which aims to express the typicality of the grape and to highlight the specificity of the terroir where it comes from.

Jean & Florent

*"Rijckaert, it is a signature. As Jean was doing, I offer wines under the sign of the pleasure and the delight, elegant, pure and that have a refreshing and festive virtue ... "*

*Florent Rouve*
