2021 DEIDESHEIMER RIESLING VDP.ORTSWEIN DRY

VDP.Ortswein must be made from grapes that come from one place. As a traditional Deidesheim winery, it was naturally important to us to fly the flag for our home region. Our Deidesheim Riesling therefore comes exclusively from our VDP.Erste Lagen and VDP.Grossen Lagen vineyards in Deidesheim.

WINE

A very classic Riesling from the Mittelhaardt region with the typical fruity character that only comes from red sandstone soils: Citrus, stone fruit, and fine herbal aromas. Taut and fresh acidity. Perfectly representative of the terroir and the origin of the grapes.

SOIL

White and yellow-red sandstone.

HARVEST

Selective hand-harvest September 2021.
