

January 15, 2021

Dear temptationer,

Great news: we are ready! As stated before, we are extremely speedy when it comes to providing you with a sexy, worry-free Temptation experience; so, here it is: **COVID-19 top-quality antigen tests by Hospiten, a renowned international hospital group, will be available in house at no additional cost for guests staying minimum 3 nights in any room category** and checking out as of Jan. 26 (limited to 2 guests per room). If you are staying less than 3 nights, don't sweat, tests will be available to you at a preferential temptacioners-only rate of \$50 USD per test. Tests results are delivered on a same-day basis.

Here is more important information you might want to know:

• **What happens if a guest tests positive?**

In the event of a positive test, guests have our full support. After receiving confirmation of a positive result, guests will spend the 14-day period required in a specially designated room at a special rate of \$75 USD per person, per night.

• **In multiple-occupancy rooms, what happens if there are positive and negative results among the occupants?**

As a preventive measure, all room occupants need to comply with the quarantine period whenever there is a positive result, even if the other guest, or guests, test negative.

• **What services and amenities are provided to guests in the specially designated rooms?**

Guests are provided with everything they could possibly need, such as food and beverages, linens, cleaning products, etc. All items are left by the room's door; please note that, due to safety measures, staff members are not allowed to interact with guests in the specially designated rooms.

For more details, please visit our official website. Party time is any time at Temptation!
