

January 26, 2021

Due to the CDC requirement for American guests, it is mandatory to present a negative COVID19 test prior to their return, the Barceló Bávaro Grand Resort wishes to support and facilitate this process for our guests during their stay, so we will be performing this service at our facilities.

With joint support between the Government of the Dominican Republic and the Ministry of Tourism, they will subsidize the Antigen test kit, however, the assistance of a medical staff is required to take samples.

We will offer the following COVID19 test:

- ✓ Antigen tests at a cost of USD \$ 5.00 per person - sample. Result the same day, maximum 24 hours.

For these tests, guests will receive the necessary information upon arrival at the hotel to their rooms. The PCR tests remain the same, at a cost of USD \$ 90.00 per person - sample. Results in 48/72 hours.

We appreciate informing your clients and, in this way, giving them the peace of mind to enjoy their vacations.

Do not hesitate to contact us for any further assistance.

Best Regards,

**Zarina Montalvo**

Director of Sales & Marketing  
Barceló Bávaro Grand Resort.
