

Updated 1/28/21

You've likely heard that, beginning January 26, 2021, U.S. residents traveling internationally will be required to obtain a negative COVID-19 test prior to re-entry.

Couples resorts will be providing complimentary Antigen testing on property to all US residents, results will be available via email within 48 hours.

Antigen tests will be scheduled during check-in at the resort. Guests will be responsible for arriving during the testing window provided. If missed, guests will have to reschedule or make their own arrangements. If a guest claims a false-positive result, they can immediately retest at their own expense.

Guests who test positive will be quarantined in a complimentary room for up to 14 days. If additional rooms are necessary, a separate room will be available at a deeply discounted rate.

This policy may change without notice based on the direction and requirements of the CDC, DOT, and The Jamaica Ministry of Health.
