## Important note concerning data processing in connection with Google Analytics

Via this extension, Google truncates the site visitor’s IP address within member states of the European Union or other parties to the Agreement on the European Economic Area. Only in exceptional situations will the site visitor’s full IP address be transmitted to Google servers in the United States and truncated there. The IP address that is provided by the site visitor’s browser in using Google Analytics will not be merged by Google with other data from Google.

On behalf of the site operator, Google will use the information collected to evaluate the use of the website, to compile reports on website activity and to provide other website and internet related services to the site operator (Art. 6 (1) (f) GDPR). The interests of the users are adequately protected by the pseudonymization of their data.

Google LLC. has certified their compliance with the EU-U.S. Privacy Shield Framework and on that basis, they provide a guarantee to comply with European data protection law. The data sent and linked to the Google Analytics cookies, e.g. user IDs or advertising IDs will be automatically deleted after 50 months. The deletion of data whose retention period has been reached is done automatically once a month.
