### **Part II: Narrative Explanation**

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Substitute HB 2320 removes Section 6 of the original bill which impacted the Governor's Office and therefore the substitute has no fiscal impact.

HB2320 enacts evidence-based public policy solutions to address the public health harms associated with high THC products.

Per Section 6 the governor may seek government-to-government consultations with federally recognized Indian tribes regarding raising the minimum legal age of sale of cannabis products identified in RCW 69.50.357(1)(c), in compacts entered into under RCW 43.06.490. The office of the governor shall report to the appropriate committees of the legislature regarding the status of such consultations by December 1, 2025.

The Governor delegated authority to the Washington State Liquor and Cannabis Board for cannabis compacts with the tribes and assume they would implement the requirements in section 6. Based on those consultations, the Office of the Governor would provide a status report to the legislature. The Office estimates this work can be accomplished within current resources and therefore doesn't have a fiscal impact.

#### II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

#### II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

### **Part II: Narrative Explanation**

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Substitute House Bill 2320 seeks to reduce public health harms associated with high TCH cannabis products.

Section 6 of the legislation suggests the government-to-government consultation with federally recognized Indian tribes. The Governor's Office of Indian Affairs (GOIA) would play a role in coordinating and facilitating consultations with tribal governments.

#### II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

#### II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

It's difficult to exactly properly calculate the fiscal impact of this legislation without knowing the extent and reach of the consultations but based on similar activities in the past the costs for travel and meeting expenses could reach as high as \$20,000 in Fiscal Year 25.

Meetings with Tribal authorities are still commonly in-person events bringing together a wide array of stakeholders. This means travel expenditures for agency employees, rental fees for meeting spaces, and costs for meals & refreshments. As many as 4 such consultation meetings could be held throughout the state with cost for each averaging \$5000.

4 Consultations x \$5000 = \$20,000

### Part II: Narrative Explanation

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

No fiscal impact. The prior version of the bill had requirements in Section 3(1c) but that section has been deleted in this version of the bill.

#### CHANGES MADE BY THE SUBSTITUTE:

- -Section 1: Changes and removes intent language.
- -OLD Section 2 deleted
- -Section 2 (prev sect 3): Adds representatives of licensed cannabis businesses to the people who the Department of Health (DOH) must consult with when developing the optional training for cannabis retail staff.
- -Section 3(1c) (prev sect 4): Removes the increase of the minimum legal age of sale of cannabis products with a THC concentration greater than 35 percent, and removes references to penalties for violating that proposed requirement.
- -Section 3(5) (prev sect 4): Adds a requirement for cannabis retailers to post a conspicuous notice at the point of sale with information about:
- the potential health risks and adverse health impacts that may be associated with the consumption of high-THC cannabis;
- the potentially much higher risks that may be present for younger persons under age 25 as well as for persons who have or are at risk for developing certain mental health conditions or psychotic disorders; and
- where to find help in case of negative effects and resources for quitting or reducing cannabis consumption.
- Requires the DOH to develop the content for the notice to be provided to cannabis retailers and specifies minimum content requirements.
- -Section 4 (prev sect 5):
- Removes the University of Washington from leading the development, implementation, testing, and evaluation of guidance and health interventions for health care providers and patients and for use by state poison control and recovery hotlines.
- -Directs the Health Care Authority to issue a request for proposal to contract with an entity for this work (subject to appropriation).
- -Adds data gathering on adverse health impacts to the scope.
- -OLD Section 6 Deleted. Removes the the Governor's proposed authorization to consult with federally recognized Indian tribes regarding raising the minimum legal age of sale of cannabis products with a THC concentration greater than 35 percent.

#### II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

#### II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.
