

# CO2 PAID

When you see the CO2PAID mark in the product or part of service, you can be sure that the company cares about the climate and about the sustainable future.

The CO2PAID mark is granted only to products or service that have compensated their life-time CO2 emissions.

## **What is the purpose of the CO2 PAID mark?**

The mark is unique and identifiable. It will make it easy for consumers to recognize the products which are climate friendly and that are CO2 neutral. These are products from companies that care and take actions for clean climate.

## **What are the requirements to get CO2 PAID mark?**

Basically any product can receive the CO2 PAID mark. The requirement is that your company has considered the CO2 emissions for the design & manufacturing of the product, its materials; emissions for the whole product lifecycle.

## **Who can have the CO2 PAID mark?**

CO2 PAID mark, stamp, or badge, are intended to be used by all types and all sizes of the companies. The CO2 emissions can be reduced and paid for any product or service.
