

Spring 2021 Local Working Group Meeting

The USDA Natural Resources Conservation Service (NRCS) and the Coastal San Luis Resource Conservation District and Upper Salinas Las Tablas RCD's are looking for input from agricultural producers, land managers, conservation organizations and natural resource agencies. We need help determining what the most important natural resource concerns are for San Luis Obispo County and how best to address those needs through the funding of conservation programs.

We would like to invite you to participate in the upcoming Local Working Group.

The SLO County meeting will take place via Zoom on Wednesday, May 19th from 4:00 -6:00pm.

The goal of a Local Working Group is to solicit recommendations on the delivery of Farm Bill conservation programs, including the Environmental Quality Incentives Program, Conservation Stewardship Program, and Agricultural Conservation Easement Program. We will also provide information to stakeholders on conservation initiatives that could be expanded and used locally.
