Filipe Vaz Carlos

A true Algarvian, born and raised, he graduated from the University of Algarve in Communication Design.

From an early age, he became more interested in digital design and pursued a career in that direction. Over time, he has integrated various multidisciplinary teams, leading the creative and strategic process.

Currently, he is a Digital Product Designer (UI/UX) at a multinational company, and much of his work involves designing software, websites, mobile apps, platforms, and virtually all types of interactive digital products.

Since 2020, he decided to share his knowledge and experience with others, beginning his journey in the training field. He conducts workshops and specialized training for both developers and designers, helping them develop their skills in digital design.

The training takes place during working hours (10 AM - 5 PM)
with in-person sessions and remote sessions (6 PM - 8 PM).

In-person sessions

February 17th, 18th, and 19th

Remote sessions

February 25th, 27th, and March 5th
