

Dear Friend of Community Kitchens,

On behalf of our board, staff, and every person we serve, we hope you'll save the date for a special Community Kitchens celebration on September 19th, 2024. As we fully transition from a relief organization into a food justice organization, we are thrilled to share our latest accomplishments and future plans with you.

Community Kitchens' is an Oakland, California-based nonprofit with a mission to change the way we approach hunger and food insecurity in our community by going to where those in need are. Our guiding principle is the radical notion that food is not just a bundle of nutrition, but also an opportunity for human dignity, community connection and mental health.

We believe that food prepared and distributed according to this principle is essential to total health, both for the individual and the community. We put our principles into action every day, providing accessible, high-dignity meals and groceries to community members who are struggling with hunger and homelessness.

2024 marks our fourth year in existence, and we have big goals, including:

- Building a permanent food hub community space
- Doubling our meal production
- Doubling our culinary workforce development program
- Growing our community-based organization meal programs
- Launching mobile pantry street outreach

It's an uphill climb. We know the need is growing and the devastating impacts of hunger, but we also know your generosity. Consider your capabilities, peruse the sponsorship levels, and share them with a friend. We want everyone at the table.

In this packet you will find information on our sponsorship levels in detail. We will be following up with you and are available to answer any questions you might have. You can also reach Maria at maria@ckoakland.org or 510-409-8582.

Please note that there are a limited amount of sponsorships, and your early commitment will ensure that your organization can benefit in all of the events and the publicity around them.

Thank you for your partnership in this important work. Together, we can make a difference!

In Community,
Maria & Tori
