

OUNCE OF LUCK 2021

White standard boxes optional.

A CIT classic, the Ounce of Luck has been issued annually since 2010. The proven design has changed little over the years and so it is noteworthy that the 2021 edition features a slightly reworked design that stays true to the series' history while offering a delicate and modern new look. Customary since 2015, the silver coin is accompanied by a 1 gram gold version.

Silver or gold, as a collector coin, an investment, a lucky charm or a gift – the clover leaf coin is always a particularly charming eye-catcher! Did you know that since 2011, every single coin in this series has been fitted with a REAL four-leaf clover? Like all the previous issues we expect a fast sellout of both of these coins. Be quick and secure your own piece of luck!
