

**Remove the guide & instructions layers  
prior to supplying print ready PDF.**

## **1200mm Standard Roller Banner**

**Front Visible Area: 1200mm x 2000mm**

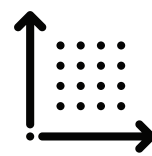

**Safe Zone Area: 1150mm x 1950mm**

**Finished Graphic Size: 1200mm x 2100mm**

**Bleed: 1.25mm @ 25% output size // 5mm @ full size**

All FONTS must be converted to outlines.

RESOLUTION must be 300dpi @ 25% output size.

Artwork must be supplied in CMYK. Colours on screen often differ from the colours that are printed.

ARTWORK must be a flattened PDF PRINT READY FILE.

Do NOT EMBED any images.

This template is @ 25% and is only A GUIDE.

### **Safe Zone:**

Try to keep any main elements inside of this. Not only is it safer, it also looks nicer.

### **None Visible Bleed:**

This part disappears into the cassette. Increase backgrounds into this area to avoid any white times showing.

### **Cut Line:**

Where the graphic will be cut for finishing

**Non Visible Bleed Into Cassette**
