

**Remove the guide & instructions layers
prior to supplying print ready PDF.**

2000mm Standard Roller Banner

Front Visible Area: 2000mm x 2000mm

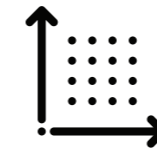

Safe Zone Area: 1950mm x 1950mm

Finished Graphic Size: 2000mm x 2100mm

Bleed: 1.25mm @ 25% output size // 5mm @ full size

All FONTS must be converted to outlines.

RESOLUTION must be 300dpi @ 25% output size.

Artwork must be supplied in CMYK. Colours on screen often differ from the colours that are printed.

ARTWORK must be a flattened PDF PRINT READY FILE.

Do NOT EMBED any images.

This template is @ 25% and is only A GUIDE.

Safe Zone:

Try to keep any main elements inside of this.
Not only is it safer, it also looks nicer.

None Visible Bleed:

This part disappears into the cassette.
Increase backgrounds into this area to avoid any white times showing.

Cut Line:

Where the graphic will be cut for finishing

Non Visible Bleed Into Cassette
