

CUADERNILLO DE ALFABETIZACIÓN

CUADERNILLO DE ALFABETIZACIÓN

Mi nombre es:

CUADERNILLO

DE ALFABETIZACIÓN

La lectoescritura es una habilidad fundamental en la vida de los niños y niñas. Les abre las puertas al conocimiento y la comunicación. Por eso es crucial la alfabetización desde edades tempranas. Enseñarles a leer y escribir no solo les da herramientas para el desarrollo académico, sino que también **fomenta su creatividad y habilidades de pensamiento crítico**. Así que, cada trazo de las letras y sonidos que aprenden es un gran avance.

Este cuadernillo puede ser **una gran herramienta para complementar al aprendizaje y desarrollo** de tus niños y niñas en su camino hacia la alfabetización. Cada página es una oportunidad para **fortalecer su habilidad para leer y escribir**, pero también es una ocasión para crear vínculos emocionales y momentos de aprendizaje compartido.

Comienza esta aventura con Eulogia y Cleto, mientras conocen a cada uno de los maravillosos personajes que componen esta primera parte del alfabeto.

Para complementar este recorrido, **descarga nuestra app de lectoescritura "Leo Leo"** y acompaña a Eulogia y a Cleto a cada una de las islas con estos maravillosos personajes:

UNIVERSO

The diagram illustrates a U-shaped magnetic core, likely made of iron, used in an electrical transformer. It features two vertical legs and a horizontal central air gap. A dashed line runs vertically down the center of each leg, representing the magnetic flux path. The core is shown in a perspective view, with the legs extending downwards and the air gap at the top.
