# COMPLETE REFRACTIVE SOLUTIONS

If the burden of glasses or changing contact lenses have been bothering you a bit too much, it's time to consider investing in LASIK laser eye surgery.

[www.aroraeyecentre.in](http://www.aroraeyecentre.in)

# RETINA TREATMENT

Treatments like Diabetic Retinopathy, Retinal Detachment, Ruptured Retina, etc., can be cured with laser surgery, without causing damage to the retina.

# GLAUCOMA TREATMENT

Also referred as “thief in the night”, Glaucoma often shows no early symptoms, and gradually leads to permanent loss of vision.

# CORNEA TREATMENT

The cornea plays a vital role in vision. If the cornea of your eye gets damaged either through infection or injury, do not delay!

# PEDIATRIC OPHTHALMOLOGY

To keep your child away from eye disorders, like Squint, Amblyopia, etc., it's important to identify and treat them at an early age.
