JOINT PUBLIC HEARING - CONSIDER DISPOSITION AND DEVELOPMENT AGREEMENT BETWEEN THE COMMUNITY REDEVELOPMENT AGENCY AND GOLDEN PACIFIC PARTNERS, LLC. TO PURCHASE AND DEVELOP CERTAIN AGENCY-OWNED PROPERTY IN CONNECTION WITH A PROPOSED MIXED-USE DEVELOPMENT IN THE REDEVELOPMENT PROJECT AREA

On motion by Calhoun, seconded by Hall, the hearing was opened at 4:56 p.m., by the following vote on roll call:

AYES: Council Members/Commissioners - Calhoun, Dobson, Hall, Perrodin
NOES: Council Members/Commissioners - None
ABSENT: Council Members/Commissioners - Arceneaux

Kofi Sefa-Boakye, Director of the Redevelopment Agency, stated that the purpose of this hearing is for the members of the commission/council to consider adopting a disposition and development agreement between the Community Redevelopment Agency and Golden Pacific Partners, LLC., to develop the site located at 1420 McKinley Avenue. Approximately one year ago, the commission/council approved an exclusive negotiation agreement between the agency and the city, in order to facilitate a proposed development of mixed-use on 15 acres of agency and privately-owned property. Therefore, staff recommends that commission/council approve the request for a disposition and development agreement between the agency and the city for the development of the aforementioned property.

AUDIENCE COMMENTS ON THE HEARING	There were no Audience Comments on the hearing.
---	---

COUNCIL/COMMISSION COMMENTS ON THE HEARING	Councilperson/Commissioner Calhoun stated that she was pleased with the proposed development and expressed her support.
---	--

Councilperson/Commissioner Hall requested the square footage of the allotted retail space. Mr. Sefa-Boakye indicated that the multiple retail establishments would add up to 25,000 square feet.

Councilperson/Commissioner Hall also requested the level of retail establishments acquired for the property.

Pablo Leon, Managing Partner of Golden Pacific Partners, Subsidiary of Golden Boys Partners, explained that the retail spaces would be occupied by community type tenants, anchored by a high credit tenant.

Councilperson/Commissioner Hall asked if the retail and residential components would be separate. Mr. Leon replied affirmatively.

Councilperson/Commissioner Dobson questioned if an appraisal was obtained for the property. Mr. Sefa-Boakye stated that the agency-owned property was appraised at \$5,250,000.00, however an appraisal for the privately-owned property had not been completed.

Mayor/Chairperson Perrodin questioned if a cost marketing analysis had been performed to determine if the area had an over-saturation of retail space.

Mr. Leon indicated that his company previously surveyed the market and determined that the space was leasable.

Chairperson Perrodin asked Mr. Leon if his company had anticipated acquiring the property west of McKinley Avenue. Mr. Leon cited that industrial properties were difficult to incorporate at this time, due to the current market.

Councilperson/Commissioner Hall inquired as to whether the agency purchased its property from the Compton Unified School District with the intent to develop the property for open space, as a compliment to the proposed development at the Atkinson Brickyard. Mr. Hall further questioned if that act was an effort to avoid the property going out to bid.

Mr. Sefa-Boakye stated that he reviewed the documents related to the purchase of the agency’s property and observed that the Atkinson Brickyard was a significant component to this project.

1.

City Manager/Executive Secretary Evans indicated that he would review the documents related to the acquisition of property and submit them to the commission next week.

Councilperson/Commissioner Hall clarified that he is in favor of the development, however he is concerned with the agency’s acquisition of the property.

Mayor/Chairperson Perrodin stated that the Clerk would review the minutes related to the purchase, while the council is in closed session.

Frank Zuranian, co-representative of Golden Pacific Partners, LLC., requested that this issue continue to be discussed, with the advice of the City Attorney.

Councilperson/Commissioner Hall stated that this is not an urgent matter and maintained that this item would be discussed next week.

APPROVAL OF WARRANTS

<u>Warrant #</u>	<u>Description</u>	<u>Amount</u>
162141	California Skatepark Inc. (Construction of the Skatepark at Wilson Park)	57,299.85
162210	Miracle Playground Sales of Southern California (Lueders and Wilson Park Improvement Project)	280,000.00
162218	Michael Patterson D.B.A. Barbeque Club Entertainment (Sound Equipment for the City of Compton's 120 th Birthday Celebration)	30,270.00
162311	B & M Lawn and Garden (Lueders and Wilson Park Improvement Project)	50,276.15
	Total	\$417,846.00

Mayor Perrodin requested the types of improvements that would be made at the city's parks.

Brandon Mims, representative of Parks and Recreation, explained that warrant number 162210 for \$280,000.00 will be used to purchase new playground equipment at both parks, and warrant number 162141 for \$57,299.85 will make the first payment to the skate park contractor at Wilson Park. Mr. Mims mentioned that warrant number 162311 to B&M Lawn and Garden will purchase a lawn aerator and reconditioning apparatus for lawn care.

Mayor Perrodin questioned if that equipment could be used for other city parks. Mr. Mims commented that the grant only allows for equipment usage at Lueders and Wilson Parks.

Mayor Perrodin asked Mr. Mims if he has ever considered refurbishing the playground surfaces to rubber. Mr. Mims commented that rubber surfaces will be constructed at both parks, however the surfaces under the swings will be sand pits.

Mayor Perrodin stated that he would like to review the playground equipment prior to installation.

Councilperson Calhoun questioned why rubberized surfaces were not being installed under the swings. Mr. Mims explained that there was not enough Community Block Grant funds to refurbish the swing pit at Wilson and Lueders Park.

Councilperson Calhoun asked if all parks would eventually have refurbished swing pits.

Mr. Mims affirmed that rubberized swing pits are included in the department's five-year plan.

Mayor Perrodin questioned how much it would cost the city to refurbish the swing pit.

Mr. Mims reiterated that there were not enough CDBG funds to rubberize the grounds at both parks, therefore staff decided to compose a large scale all-inclusive design for both parks.

City Manager Evans mentioned that the city received \$280,000.00 in CDBG grant funding, specifically for Lueders and Wilson Parks to address issues concerning improvements.

Mayor Perrodin questioned why the funds could not be taken from the General Fund to complete the projects with rubberized surfaces on both parks.

City Manager Evans maintained that the General Fund is already allocated towards other projects, consequently grant funds will be available next week for allotment.

Mayor Perrodin asked if both projects will be completed during the current 2007-08 fiscal year. City Manager Evans stated that the project will be going on through this fiscal year to the 2008-09 fiscal year.

Mr. Mims stated that staff was made aware of the funds on April 1, 2008 and diligently prepared a plan of action that staff felt was the best use for unused CDBG funds.

Councilperson Hall felt the department that allocates CDBG funding should be investigated to ensure qualified programs are being funded and move appropriately. Mr. Hall felt it was unfair for a department to be allocated funds without proper notice to prepare a plan of action.

Mayor Perrodin requested a report of the last five years of CDBG expenditures.

Councilperson Hall also requested a report on how the \$280,000.00 grant funding would be allocated.

On motion by Calhoun, seconded by Dobson, the above warrants were approved by the following vote on roll call:

AYES: Council Members - Calhoun, Dobson, Hall, Perrodin

NOES: Council Members - None

ABSENT: Council Members - Arceneaux

PUBLIC HEARING - FIREWORKS On motion by Arceneaux, seconded by Dobson, the hearing was opened at 8:08 p.m.,
by the following vote on roll call:

AYES: **Council Members - Dobson, Arceneaux, Perrodin**
NOES: **Council Members - None**
ABSENT: **Council Members - Calhoun, Hall**

Alita Godwin, City Clerk, stated that the purpose of this hearing is to pronounce the organizations that applied to operate a fireworks stand in the City of Compton. Ms. Godwin reported that the City Clerk's Office received fifteen applications from community organizations to operate a fireworks stand in the City of Compton. Subsequently, ten of the applicants operated a fireworks stand last year, while three applicants were placed on a waiting list. Additionally, two new applicants; Victory Outreach Compton English and E. Boyd Esters Manor submitted their application to the City Clerk's Office. Accordingly, the City Clerk announced that the following organizations were denied the operation of a fireworks stand, based on missing or conflicting information in their application package:

- Light of the World Community Church (Compensated workers by providing food and compensation to workers from proceeds)
- Doublerock Baptist Church (Missing Expenditure report and receipts)
- C's Service Inc. (No longer in the City of Compton)
- Mount Pilgrim Baptist Church (Missing Recorded Deed)
- Victory Outreach, Compton English (Not located in the City of Compton)
- Dominguez High School Quarterback Club (Missing Expenditure report and receipts)

Conversely, the City Clerk requested that the following organizations be approved to operate a fireworks stand in the City of Compton: Boy Scout Troop 123, Compton High School Drill Team, Curry Temple [C.M.E.](#) Church, E. Boyd Esters Manor, Holy Trinity Missionary Baptist Church, House of Prayer for All the People Ministry, Greater Phillips Chapel [C.M.E.](#) Church, Light of the World Church of God in Christ and New Beginning Academy.

Ms. Godwin noted that letters were sent to all applicants with missing or deficient information on September 27, 2007, and March 13, 2008. Ms. Godwin concluded that copies of this report were available in the City Clerk's Office.

AUDIENCE COMMENTS **Shelly Ward**, representative of Light of the
ON THE HEARING World Community Church, indicated that she
was notified by letter after September 27, 2007
that her documentation was incorrect, which was inadvertently sent to the physical address
instead of the church's mailing address. Ms. Ward admitted that money was given to
volunteers to purchase food.

Ms. Godwin stated that the receipts suggest that the volunteers were compensated financially, which is a violation of the Compton Municipal Code. Ms. Godwin further invited the council to review the organization's application and expenditure receipts.

Ms. Ward contended that the volunteers were not paid, however they were reimbursed after purchasing \$75.00 to \$100.00 worth of gasoline to operate the fireworks stands. Ms. Ward insisted that volunteers were only reimbursed for food and gasoline.

Mayor Perrodin requested the total cost of gasoline spent for the generator and food for volunteers. Ms. Ward stated that \$1,100.00 was spent on gasoline and approximately \$1,200.00 to \$1,500.00 for food.

Mayor Perrodin stated that after reviewing their expenditure report and receipts, he observed several letters thanking various individuals with love offerings of \$250.00, without mention of gas or food reimbursement. Mayor Perrodin also mentioned that the application implies that only \$150.00 was spent on food.

Harold Tyler, Associate Minister at Doublerock Baptist Church, questioned if it was possible for his organization to re-submit their documentation for reconsideration.

Mayor Perrodin informed Mr. Tyler that no expenditure report or receipts were submitted.

Francisco Fabian, Victory Outreach Compton Spanish, requested the status of his organization's application.

Ms. Godwin informed Mr. Fabian that no application was submitted; however she did receive the organization's expenditure report.

Mr. Fabian contended that the application was incomplete, because the person who handled the organization's affairs was ill at that time. Mr. Fabian indicated that Pastor Leon's wife was instrumental in conducting Victory Outreach's business affairs, which is why her sickness and impending death delayed their application.

Robert Ray requested that the November 2008 ballot include a measure on whether fireworks should be allowed in the City of Compton, in order to put a moratorium on fireworks stands before the end of the year.

Pastor Alex Leon, Victory Outreach, stated that he would appreciate if the council would take into consideration his personal situation.

Mayor Perrodin encouraged the city's community based organizations to apply for federal grants, to supplement the funding they usually receive from fireworks stands.

Mayor Perrodin affirmed that he would enforce the precedent set last year, in which the council did not allow for corrections to typos or last minute additions.

Councilperson Dobson stated that there were three fireworks stands left and suggested that the organizations be put into a lottery to determine which three obtain a fireworks stand.

Mayor Perrodin cited that the precedent set last year did not allow for exceptions to the rule.

Craig Cornwell, Chief Deputy City Attorney, stated that the City Clerk spoke extensively with the City Attorney's Office regarding this issue and indicated that he concurs with the City Clerk's recommendations.

Councilperson Arceneaux stated that she agrees with Councilperson Dobson's recommendations of a lottery.

Mayor Perrodin felt the lottery would allow for inconsistencies in applications and questioned if the lottery would be exclusive to existing incomplete applications or allow for new applications.

Ms. Young expressed her support for the council's precedent set last year and suggested that the organization respect their decision.

Marjorie Shipp encouraged the council to abide by the precedent they set last year.

Falon Ward, Light of the World Community Church, expressed her support and respect for the City Council and their decisions.

On motion by Arceneaux, seconded by Dobson, the hearing was closed at 8:56 p.m., by the following vote on roll call:

AYES: Council Members - Dobson, Arceneaux, Perrodin

NOES: Council Members - None

ABSENT: Council Members - Calhoun, Hall

**COUNCIL COMMENTS
ON THE HEARING**

Alita Godwin, City Clerk, stated that it was not her objective to deny any organization the opportunity to operate of a fireworks stand, however she maintained that she must make her decisions, in accordance with the law. Ms. Godwin made note that all organizations with deficiencies in their application packages, were notified on two different occasions to submit the required documentation in a timely manner.

Councilperson Dobson suggested that applicants inquire about the application process before the deadline date approaches.

Councilperson Arceneaux insisted that the three available fireworks stands be given away through the lottery process.

Mayor Perrodin commented on the precedent set last year and requested the approval of the City Clerk's recommendations on fireworks stands.

**RECOMMENDATIONS

On motion by Arceneaux, seconded by Dobson, the recommendations for fireworks stands was approved, by the following vote on roll call:

Mayor Perrodin suggested that Latasha obtain written documentation from the organization that regulates the CAHSEE and forward it to the CUSD board for a possible resolution.

Robert Ray stated that he attended the "Candidate's Forum" at the Martin Luther King, Jr. Transit Center and observed issues, such as lighting and air conditioning. Mr. Ray also felt that Councilperson Calhoun's proposed recyclable trash cans would only make it easier for the homeless to pick out recyclables.

Joyce Kelly stated that she was appalled at the manner in which Latasha Kelly and her brother were treated during the CUSD school board meeting and asked that council address this issue on behalf of Ms. Kelly and her brother.

Lynn Boone asked that the City Manager conduct a thorough investigation of an incident that occurred at Careerlink.

ESTABLISHING THE HOLIDAY SCHEDULE FOR CITY EMPLOYEES
FOR FISCAL YEAR 2008 - 2009

SUMMARY

The attached resolution establishes the Holiday Schedule for City employees for fiscal year 2008-2009.

BACKGROUND

In accordance with Rule 7.5A of the City of Compton Personnel Rules and Regulations, it is necessary for the City Council to establish the Holiday Schedule for City employees for each fiscal year.

SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON SUPPORTING THE EXPANSION OF THE LOS ANGELES COUNTY DEPARTMENT OF PUBLIC WORKS RECYCLING MARKET DEVELOPMENT ZONE TO INCLUDE THE CITY OF COMPTON

SUMMARY

Council will consider adopting a resolution supporting the expansion of the Los Angeles County Department of Public Works Recycling Market Development Zone Program (Los Angeles County RMDZ) to include the City of Compton as a member.

BACKGROUND

California's Integrated Waste Management Act (AB939), legislation originally passed in 1989 and since has been amended to require each jurisdiction within the State to reduce the amount of waste disposed in landfills by 50% after year 2000. Meeting this waste diversion and reduction goal will take a renewed effort for both the public and private sectors, challenging them to find new and creative uses for materials that are still being land filled or stockpiled.

To assist California cities and counties with reaching this goal, the California Integrated Waste Management Board, through the provisions of the California Public Resources Code, Section 42010, created the Recycling Market Development Zone (RMDZ) program. Made up of 40 zone designations, this behemoth covers an area of almost 71,790 square miles, spanning the length of California, stretching from the Oregon border to San Diego.

The RMDZ has established four core strategies to address waste diversion and reduction:

- Bring recycling markets to all parts of California by establishing 40 zones distributed throughout the State.
- Provide State and local incentives to persuade manufacturers in zones to use secondary materials.
- Identify opportunities for retrofitting manufacturing processes to accommodate the use of secondary materials.
- Coordinate public and private efforts to promote secondary materials markets.

RMDZ

June 17, 2008

PAGE 2

RMDZ provides businesses incentives that stimulate development of post-consumer and secondary materials markets for recyclables, using value-added private sector market systems to facilitate transforming waste products into quality consumables. The RMDZ combines recycling with economic development to help fuel new businesses, expand existing ones, and help to create jobs in an area. To receive RMDZ benefits, businesses must be located within the RMDZ. Applicants can be for-profit businesses or non-profit organizations. Eligible projects are those that use materials from the waste stream to manufacture their products, or projects that process difficult to recycle materials, for example construction and demolition debris, projects in general that divert non-*hazardous* solid waste from being deposited in California landfills.

STATEMENT OF THE ISSUE

The Los Angeles County RMDZ is administered by the Los Angeles County Public Works. The Los Angeles County RMDZ is currently comprised of the cities of Burbank, Carson, Commerce, El Monte, Glendale, South Gate, and Vernon, and the unincorporated areas of the Los Angeles County areas between and surrounding these cities. County Public Works staff is preparing an application to expand the zone to include additional unincorporated areas of the county and include the cities of Torrance, Inglewood, Palmdale, and Compton.

The California Integrated Waste Management Board, which approves RMDZ expansions, requires jurisdictions, desiring to be included in an expansion, approve a resolution to be part of the expansion. County staff is requiring that resolutions to be forwarded to their office on or before Thursday, June 12, 2008.

FINANCIAL IMPACT

Except for a minimum annual membership fee, there is no out of pocket cost to the City.

RECOMMENDATION

The establishment of the RMDZ renewable initiative would, in staff's opinion, be a significant advancement towards Compton becoming a sustainable community. The RMDZ designation would also be an excellent addition and companion to Compton's recently designated State of California Enterprise Zone Program. Staff recommends that Council adopt the attached resolution.

**SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON,
APPROVING THE INSTALLATION OF SPEED HUMPS ON CALDWELL STREET
BETWEEN HASKINS AND McKINLEY AVENUES**

SUMMARY

The Visalia-Caldwell-Haskins Block Club applied for installation of speed humps on three neighborhood residential streets, of which Caldwell Street between McKinley Avenue and Wadsworth Street is being recommended for installation of speed humps.

DISCUSSION

The City considers requests for speed humps on a case-by-case basis. The Visalia-Caldwell-Haskins Block Club first requested speed humps in 2003. No action was taken by the City as there was to no traffic engineering function. In late 2007 the Visalia-Caldwell-Haskins Block Club reapplied for these traffic mitigations for four neighborhood residential street segments:

- West Caldwell Street between McKinley Avenue and S. Wadsworth
- West Caldwell Street between Haskins Avenue and McKinley Avenue
- South Visalia Avenue cul-de-sac south of Caldwell Street
- South Haskins Avenue cul-de-sac south of Caldwell Street

In order for streets to receive speed humps, the traffic on the street needs to meet certain basic criteria and the local vicinity has to provide support from two-thirds of affected households.

This Block Club has raised concerns that they have a convergence of traffic coming from both Alondra Boulevard and from Central Avenue and that this section of Caldwell suffers from a lot of cars and speeding cars.

Speed Hump Criteria

Speed humps are placed based on standardized traffic practices. The review of the proposed placement includes consideration of the existing traffic condition, local travel patterns, effect of the roadway in the vicinity, traffic history of the area, and emergency services. Using these criteria and using a standard practice provides for adequate placement of speed humps and protects the City's liability.

Staff conducted traffic surveys of the area (summarized in Table A, below). In order to qualify for humps, each street segment needs to meet both criteria pertaining to traffic volume and speeding thresholds. These thresholds are a traffic volumes (between 500 and 2000 vehicles per day) and

12.

speeding (85th percentile speed larger than 5 miles per hour (mph) greater than the posed speed, i.e., 85% of vehicles are traveling less than 30 mph in a 25 mph zone). Placing speed humps on streets that do not meet both these criteria exposes the City to increased liabilities and potential damages from associated traffic accidents.

Results of the traffic survey are shown in Table A.

TABLE A

STREET	SEGMENT SURVEYED	Volume (Vehicles Per Day)	Meets Criteria?	85th Percentile Speed	Meets Criteria?
Caldwell Street	McKinley Av to Wadsworth Ave	823	Yes	35.5 mph	Yes
Caldwell Street	Haskins Ave to McKinley Ave	664	Yes	28.0 mph	No
Visalia Avenue	Cul-de-sac south of Caldwell St.	257	No	27 mph	No
Haskins Avenue	Cul-de-sac south of Caldwell St.	325	No	23 mph	No

From the data the Caldwell (McKinley-Wadsworth) segment meets the criteria for speed humps. Visalia Avenue does not have enough traffic nor is there a speeding concern. Haskins Avenue also does not have enough traffic and does not have a speeding issue.

The Caldwell Street segment between Haskins and McKinley Avenues meet the volume criteria and did not meet the speeding criteria. However there are additional factors that need to be considered when reviewing this speed hump request. These are:

1. The measurement for speed was 2 mph off the criteria.
2. This portion of Caldwell Street bends from the westerly direction to the southwesterly direction when traveling west from McKinley. Given the restricted visibility due to the bend for both pedestrians and for vehicles, this speeding data lends itself to having more significance. Cars are speeding through this bend with limited visibility.

Considering these additional factors, the margin of difference of the 85th Percentile Speed and the visibility concerns in tandem with the volume of vehicles, Staff finds that speed humps are merited for this portion of Caldwell Street.

Staff met with the Visalia Caldwell Haskins Block on December 15, 2007, to discuss its findings and decision to recommend Caldwell Street for speed humps. The Block Club supports this recommendation.

Placing the humps along the Caldwell (Haskins to McKinley) segment at this time is a first step that will mitigate the speeding on Caldwell Street as well as mitigate traffic throughout the neighborhood, including the segments on Visalia Avenue and Haskins Avenue.

If approved by City Council staff will proceed to place speed humps on this section of Caldwell Street

within 40 days. Also be installed along with the humps will be advance warning signs, reflectors, speed limits signs and curve warning signs. After six months to this new installation, staff will revisit this improvement and assess the effect of these speed humps on the neighborhood.

Speed Hump Program

Requests from the past years were not addressed as the City eliminated the traffic engineering function several years ago. A traffic engineer has been used intermittently the past year and has reviewed several requests. Of the several reviews for speed hump request by the traffic engineer, this was the only request that met the criteria for approval. Present use of speed hump standards will provide for more effective placement, use of funds, and protect the City's liability.

FISCAL IMPACT

The cost to place speed humps on this segment of Caldwell Street cost approximately \$1,000. This amount can be accommodated in the current Public Works Department budget, account # 1012-720-4269.

STAFF RECOMMENDATION

The City Manager recommends that Council approve Caldwell Street between Haskins Avenue and McKinley Avenue.

SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON AUTHORIZING THE CITY MANAGER TO AMEND THE CITY'S MEMORANDUM OF UNDERSTANDING WITH THE MOUNTAINS RECREATION AND CONSERVATION AUTHORITY (MRCA) TO ALLOW FOR THE ACCEPTANCE OF GRANT FUNDING FOR THE ACQUISITION AND DEVELOPMENT OF PARKLAND

SUMMARY

Staff would like Council to consider authorizing the City Manager to amend the City's Memorandum of Understanding with the Mountains Recreation and Conservation Authority (MRCA) to allow for the acceptance of grant funding for the acquisition and development of parkland.

BACKGROUND

MRCA is a local government public entity dedicated to the preservation and management of local open space and parkland, watershed lands, trails, and wildlife habitat. On March 13, 2007, the City Council approved Resolution No. 22,252 which authorized the City Manager to enter into a Memorandum of Understanding and Cooperative Agreement (MOU) with MRCA. The MOU, executed on May 21, 2007, represented both parties "desire to work together to obtain funding and to develop, design, construct and maintain recreation and open spaces along the Compton Creek on land presently or in the future owned by the City." However, it did not state that the City would accept grant funding from MRCA to acquire and develop parkland. Moreover, the authorizing resolution stated that the MOU would have no financial impact on the City.

MRCA has expressed a desire to amend the existing agreement to allow for the awarding of grant funding to the City as is necessary to further the mutual goals of both agencies. An amended agreement would put the City in a position to receive grant funding from MRCA to acquire and develop parkland along the Compton Creek.

FINANCIAL IMPACT

This agreement may result in increased revenue for the City.

RECOMMENDATION

Staff recommends that the Mayor and City Council adopt the attached Resolution.

SUBJECT: AUTHORIZING THE CITY MANAGER TO ENTER INTO A DISPOSITION AND DEVELOPMENT AGREEMENT BETWEEN THE COMMUNITY REDEVELOPMENT AGENCY AND GOLDEN PACIFIC PARTNERS, LLC FOR THE DISPOSITION OF CERTAIN AGENCY-OWNED PROPERTY IN CONNECTION WITH A PROPOSED MIXED-USE DEVELOPMENT IN THE REDEVELOPMENT PROJECT AREA

SUMMARY

Requesting City Council's authorization to enter into a Disposition and Development Agreement with Golden Pacific Partners (GPP), LLC for the sale of the 6.7 acre Agency-owned parcel located at 1420 North McKinley Avenue, in connection with the proposed construction of a retail and residential mixed-use development to be located at the southeast corner of Rosecrans Avenue and McKinley Avenue, in the Redevelopment Project Area.

BACKGROUND

On October 17, 2006, the Commission, pursuant to Resolution No. 1,662, authorized the Executive Secretary to enter into an Exclusive Negotiation Agreement (ENA) with Golden Pacific Partners, LLC (Redeveloper) to facilitate the assembly of 15 acres (comprising of 6.7 acres of an Agency owned parcel and 8.3 acres of privately owned parcels) at a total acquisition and relocation cost of \$13,250,000. The land assembly would facilitate the construction of a proposed mixed-use development at the southeast corner of Rosecrans Avenue and McKinley Avenue.

The proposed project will consist of approximately 11.7 acres consisting of 284 townhomes and 25,000 square feet of community-serving retail space. As of this date, GPP has consummated the negotiation process with the Agency for acquisition of the Agency owned property. Currently, the Redeveloper is also in negotiations with private owners (Allied Waste and other private owners) for the acquisition of the remaining parcels.

STATEMENT OF THE ISSUE

In accordance with Section 33433 of the California Redevelopment Law Health and Safety Code, any lease or sale of Agency owned property, purchased utilizing tax increment funds, requires a joint public hearing of both the Agency and the legislative body for public input. Subsequent to the hearing, the Commission and City Council must consider and approve a resolution authorizing the real estate sale transaction.

GPP Public Private-I, LLC – DDA

June 17, 2008

Page Two

The Agency acquired the 6.7 acres vacant lot site located at 1420 North McKinley Avenue in August 2007 from the Compton Unified School District for a purchase price of \$5,253,000. The fair market appraisal of the property, conducted by DMD Appraisals Inc. in August 2006, determined the value at \$5,253,000. The Agency's site control of the subject property enhances its power to leverage with prospective developers for the implementation of a preferred land use development, in accordance with the proposed Redevelopment Specific Plan for the Atkinson Brickyard area.

In compliance with Redevelopment Law, the Commission and City Council on April 15, 2008, set a joint public hearing (by minute motion) for May 6, 2008, to consider a resolution authorizing the disposition and development of the property located at 1420 North McKinley Avenue. The notice of the joint public hearing was published in the *Compton Bulletin* on April 23, 2008 and April 30, 2008. A copy of the DDA and Summary Report was also placed in the City Clerk's Office on April 23, 2008 for public review in accordance with Redevelopment Law.

ECONOMIC BENEFITS

The proposed development offers several benefits to the City. Based on the GPP's pro-forma analysis, the entire development would generate a projected value of \$120 million dollars, resulting in projected annual tax increment revenues of \$1,000,000 for the Agency. Currently, the subject site is burdened with non-conforming land uses including the proliferation of decrepit and unsightly non-conforming industrial activities. The planned residential and retail development would visually enhance the neighborhood and become a major catalyst for further economic revitalization of the Atkinson Brickyard area. On the basis of the foregoing, Commission approval of the DDA will advance the revitalization objectives for the area.

RECOMMENDATION

That the attached resolution authorizing the City Manager to enter into a Disposition and Development Agreement with Golden Pacific Partners, LLC be adopted.

SUMMARY REPORT
DISPOSITION AND DEVELOPMENT AGREEMENT
GOLDEN PACIFIC PARTNERS, LLC

THIS SUMMARY REPORT has been prepared pursuant to Section 33433 of the California Health and Safety Code. This report sets forth certain details of a proposed Disposition and Development Agreement (“Agreement”) between the Community Redevelopment Agency of the City of Compton (“Agency”) and Golden Pacific Partners, LLC (“Redeveloper”) for the purchase and development of Agency-owned property located at 1420 North McKinley Avenue.

This report describes and specifies:

1. The estimated cost of the proposed agreement to the Agency; and
2. The purchase price of the property and the terms of the purchase agreement; and
3. The estimated value of the interest to be conveyed as determined by the highest and best uses permitted under the Redevelopment Plan.

This Report and the proposed Agreement are made available for public inspection prior to the approval of the Agreement.

A. SUMMARY OF TRANSACTION

The Disposition and Development Agreement (“Agreement”) between the Agency and the Redeveloper provides that the Agency sell to the Redeveloper an approximately 6.7 acre site for \$5,253,000 as a component of a 15 acre development (including developer acquisition of 8.3 acres of privately owned land) resulting in a total acquisition and relocation cost of \$13,250,000. The proposed development shall consist of 284 condominium units and 25,000 square feet of community-serving retail space to be located at the southeast corner of Rosecrans Avenue and McKinley Avenue.

B. FINANCIAL SUMMARY OF THE AGREEMENT

1. Cost of the Agreement to the Agency

The Agency acquired subject property in August 2007 as part of the Specific Plan for the Atkinson Brickyard Area. The Agency property located at 1420 North McKinley Avenue was acquired from Compton Unified School District for a purchase price of \$5,253,000.

Summary Report
GPP Public Private-LLC
Page Two

2. Fair Market Value of the Site

In August 2006, an appraisal was conducted by DMD Appraisals Inc. which determined the Fair Market Value of the subject property to be \$5,253,000.

3. Disposition Price

The proposed Disposition Price of the Agency property is \$5,253,000. The Redeveloper shall pay the Disposition Price to the Agency at the close of escrow.

C. POTENTIAL ECONOMIC IMPACTS

The Agency owned component is currently generating no economic benefit inasmuch as it is not on the tax rolls. The property will be placed back on the tax rolls with stable households of gainfully employed Compton residents who pay property taxes to the City of Compton. The proposed development offers several benefits to the City. Based on the GPP's pro-forma analysis, the entire development would generate a projected value of \$120 million dollars resulting in projected annual tax increment revenues of \$1,000,000 for the Agency. Currently, the subject site is burdened with non-conforming land uses including the proliferation of decrepit and unsightly non-conforming industrial activities. The planned residential and retail development would visually enhance the neighborhood and become a major catalyst for further economic revitalization of the Atkinson Brickyard area. On the basis of the foregoing, Commission approval of the DDA will advance the revitalization objective for the area. Positive economic returns on the Agency's investment in the proposed development include:

- Significant tax increment revenues to the Agency based on a projected \$120,000,000 real property value generating annual tax increment payment to the Agency in the amount \$1,000,000 over the life of the Redevelopment Project Area.
- Revenue from utility user taxes for water, electricity and telephones creating additional sources of revenue for the City.
- Fees and permits will generate a source of revenue for the City.
- Creation of temporary jobs during construction and permanent employment opportunities will be available for Compton residents.
