Councilperson Arceneaux requested a detailed explanation of this ordinance.

Ruth Rugley, Deputy City Attorney, explained that this legislation previously existed within the city’s code since 1967, but it was deleted during the provisional updates. Ms. Rugley cited that these amendments relate to the following: enforcement of private property maintenance, such as aesthetic values of property, attractive nuisances, safety hazards for children and appeal procedures.

Councilperson Arceneaux requested the enforcing department. Ms. Rugley stated that the Municipal Law Enforcement Services Department would be responsible for enforcing this ordinance.

Councilperson Arceneaux requested the city’s plan concerning the enforcement of this amendment to the code.

Charles Evans, City Manager, stated that the city is currently hiring people for the Municipal Law Enforcement Services Department, in an effort to increase personnel power, put more cars on the street and ensure the city’s codes are enforced.

Councilperson Arceneaux asked that Compton citizens support the city by reporting sub-standard properties in their neighborhood.

Mayor Pro-Tem Dobson questioned if this ordinance would include sub-standard business properties. Ms. Rugley replied affirmatively, depending on the type of nuisance or violation that exists.

On motion by Arceneaux, seconded by Calhoun, “**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF COMPTON AMENDING CHAPTER 24 OF THE COMPTON MUNICIPAL CODE BY ADDING SECTION 24-1 THROUGH 24-3 RELATING TO PROPERTY MAINTENANCE (PUBLIC NUISANCES)**” was placed on first reading by title only, by the following vote on roll call:

Ms. Dubois stated that the city currently has over \$300,000.00 available for specified enforcement services.

Councilperson Calhoun questioned if a plan of action had been submitted by the Sheriff’s Department concerning those funds. Ms. Dubois stated that they were due to submit a plan of action.

(519 SOUTH LONG BEACH
BOULEVARD)**

Gay Morris, Director of the Planning and Economic Development Department, stated that the purpose of this hearing is for the council to consider an appeal of a planning commission decision to deny a request to construct a self-service car wash in a C-L limited commercial zone. Ms. Morris indicated that the proposed self-service car wash project at 519 South Long Beach Boulevard was previously before the council on June 13, 2008, due to the planning commission’s denial, however after considerable review, council remanded the item back to the planning commission for reconsideration. On April 9, 2008, the planning commission conducted a public hearing and received testimony from project supporters and opponents. Consequently, neighborhood residents expressed a lack of support in the areas concerning; public safety, possible loitering, on-site illicit activities, the number of existing and proposed car washes within a short distance and the traffic impacts on Crane Street and Long Beach Boulevard. Subsequently, the planning commission closed the hearing and voted to deny the request for a second time. As a result, staff is recommending that council uphold the planning commission’s decision to deny conditional use permit case no. 2584 and adopt the submitted resolution.

Legrand Clegg, City Attorney, commented that his office received a letter from S75 Test Only Smog Center and a petition from First Charity Missionary Baptist Church in support of the car wash.

Cameron Zarasshan, applicant for the proposed development, felt his application request was not treated fairly and asserted that his development would bring revenue to the city, as well as jobs for the local community.

Mr. Zarasshan maintained that his car wash facility would be a gated establishment and open between 7 a.m. and 7 p.m. with adequate lighting and cameras. Mr. Zarasshan insisted that his facility is in compliance with the city’s codes and requested that council consider his project.

the undesirable traffic on her street.

Renee Jennings, Compton resident, stated that she lives directly behind the proposed development and felt its presence would add to

Louie Nelson, Compton resident, stated that he’s the brother of Renee Jennings and indicated that the undesirable traffic of loitering and prostitution was an constant problem, due to the construction of the corner mall. Mr. Nelson questioned the number of jobs a self-service car wash could provide and requested that council consider establishing a youth facility at that location or something conducive to the attributes of Compton citizens.

Joyce Kelly, Compton resident, stated that she does not live near this development, however she expressed her approval due to the visual caliber of the carwash.

Maria Villareal, representative of the Latino Chamber of Commerce, stated that she is not familiar with the area of the development, however she expressed her support for the proposed development because of how it looks.

Brenda Postell, Compton Resident, stated that she lives a block away from the proposed project and felt this development would add to the existing problems of high traffic and prostitution.

Reverend David Tate maintained his support for the car wash and felt prostitution would always be in that area, anyway. Reverend Tate stated that someone would be on the premises to convert the prostitutes and indicated that the development would pay taxes, educate youth and bring jobs into the community.

Louis Byrd, former Mayor of Lynwood, stated that he approved of Mr. Zarasshan’s operation of the Lynwood Carwash on Long Beach Boulevard, during his term as the Mayor of Lynwood and felt the project would be an asset to the community, instead of a liability. Mr. Byrd added that over 200 signatures were collected from people in favor of this development.

Calle Parker, representative of the South Poinsettia Avenue Block Club, questioned how many times an applicant could appeal a decision of the planning commission.

Legrand Clegg, City Attorney, stated that an applicant could only appeal a decision of the planning commission once, however as it relates to this item, the council sent the item back to the commission for reconsideration, which remands the commission’s previous decision to deny the request.

Ms. Parker submitted a petition from the South Poinsettia Avenue residents expressing their opposition for the development. Ms. Parker asked that the resident’s concerns be considered, when approving or denying this request.

Barbara Sowell, resident of the South Poinsettia Avenue Block Club, felt this self-service development would give the “johns” an excuse to loiter on the premises.

Sarah Pennamon, Compton resident, stated that she lives near the proposed development and questioned if the signatures obtained by the applicant were from Compton residents and questioned the type of education the youth would receive from a self-service carwash.

Ebie F., applicant’s business partner, felt the traffic in the city would not be negatively affected by this development traffic and noted that the carwash would utilize recycled water.

#1.

Douglas Sanders, City Treasurer, stated that he co-owns a home located on Sloan & Myrrh with his siblings, in which they have expressed their opposition to the proposed development.

Mr. Sanders stated that the revenues received from a self-service carwash would be minimal, i.e., business license fees and/or property taxes, if the applicant owns the property.

Herbert Arceneaux, Compton resident, felt the council should uphold the planning commission’s decision and deny the establishment.

Kimberly McKenzie, city employee and Compton resident, stated that she lives in the area of the proposed development and expressed her opposition to the carwash. Ms. McKenzie declared that the site is in high traffic area, due to members of the motorcycle club and the high concentration of car washes in that neighborhood.

On motion by Arceneaux, seconded by Calhoun, the public hearing was closed at 4:20 p.m., by the following vote on roll call:

- AYES:** Council Members - Calhoun, Arceneaux, Dobson
- NOES:** Council Members - None
- ABSENT:** Council Members - Hall, Perrodin

COUNCIL COMMENTS ON THIS HEARING	Councilperson Arceneaux felt the council should uphold the decision of the planning commission.
---	--

Councilperson Calhoun stated that she lives near a carwash, which has loud music and high traffic. Ms. Calhoun commented that the outward appearance of a development does not indicate that it is good for the city. Ms. Calhoun mentioned that she has participated in several prostitution marches held along Long Beach Boulevard and observed the prostitutes loitering in the corner mall. Ms. Calhoun felt this particular project was not conducive for this area at this time and maintained that it was the responsibility of the redevelopment agency to advise the applicants on the types of projects the city desires for certain areas of the community.

Ms. Calhoun cited that the redevelopment agency should be conscientious of the projects contrary to the city’s general plan or the wishes of the citizens of Compton.

Mayor Pro-Tem Dobson agreed with Councilperson Calhoun’s comments and sympathized with the residents of Crane Street. Ms. Dobson stated that she represents the citizens of Compton and felt this business would not compliment this location, due to the potential problems that could arise.

Gay Morris, Director of the Planning and Economic Development Department, stated that the purpose of this hearing is for the council to approve a tentative sub-division map for a two lot residential development. On April 9, 2008, the planning commission considered an application to sub-divide an existing parcel of land at 477 West Greenleaf Boulevard into two lots for residential development. The property is 220 feet deep with 125 feet of street frontage and previously built single family home on the west-side of the property. The applicant proposes to sub-divide the property to build a new single family home on the east-side of the property. According to the redevelopment agency residential architectural zone, both lots would be in conformance with minimum lot size, width and depth. After diligent consideration, the planning commission closed the hearing and recommended the approval of the sub-division to the City Council. As a result, staff is recommending that council approve tentative parcel map no. 70336.

**PUBLIC HEARING -
REVOCATION OF BUSINESS
LICENSE AT 223 NORTH
BULLIS ROAD**

On motion by Hall, seconded by Arceneaux, the hearing was opened at 7:21 p.m., by the following vote on roll call:

AYES: Council Members - Calhoun, Dobson, Arceneaux, Hall, Perrodin

NOES: Council Members - None

ABSENT: Council Members - None

Edward Chavez, Deputy City Attorney, stated that the purpose of this hearing is for council to consider revoking the business license issued to Daniel Espino to operate LZR Complete Auto Repair Shop located at 223 North Bullis Road. Mr. Chavez asked that council receive and file the City Attorney's brief.

On motion by Arceneaux, seconded by Calhoun, the city attorney's brief was received and filed, by the following vote on roll call:

AYES: Council Members - Calhoun, Dobson, Arceneaux, Hall, Perrodin

NOES: Council Members - None

ABSENT: Council Members - None

Mr. Chavez argued that staff is recommending that council vote to revoke the business license issued to Daniel Espino, based on the findings and testimony presented by members of the Fire Department, Municipal Law Enforcement Services Department and the Sheriff's Department. Illegal activities at the location include murder, attempted murder and assault with a semi-automatic handgun. The business was opened in 2002; however Daniel Espino has owned the establishment since November 2007.

Mr. Chavez informed the council that on Sunday, January 20, 2008 at approximately 12:15 a.m. the Sheriff's Department and Fire Department responded to reports of shots being fired and gunshot wounds at 223 North Bullis Road. As a result, it was determined that the business was open to the youth and young adults. Compton Fire Department engines 41 and 44 responded to eight gunshot victims ranging in age from 15 to 24, in which three of the gunshot victims were lying within the property driveway of LZR.

#1.

Mr. Chavez asserted that notice of the hearing was provided to LZR along with the supporting documents necessary to prepare a defense. Nonetheless, the city retains the authority to revoke a business license operating in an illegal or dangerous manner. A business permit may be revoked if the occupant either fails to comply with the conditions of the permit, or the conduct of the business constitutes a public nuisance. In this instance, the city has the authority to revoke LZR's license based on illegal conduct that occurred on January 20, 2008. The gang-style violent activity at the site is sufficient to revoke Daniel Espino's business license, according to the Compton Municipal Code.

Mr. Chavez announced that the first of five witnesses would now speak.

Mayor Perrodin requested a small recess until translation devices are retrieved.

The meeting was recessed and reconvened.

Mayor Perrodin stated that the incident occurred in January 2008 and felt it was justifiable to give the business owner 45 days to prepare their defense.

Mayor Perrodin asked Ms. Espino if she understood his directives.

Ms. Espino stated that she did not know anything and further explained that she was told that there was a shooting that happened in the street and not in the shop.

Mayor Perrodin explained to Ms. Espino that Mr. Chavez would contact her regarding any documentation she may need from him.

Councilperson Hall questioned if the occupants were dully-notified.

Mr. Chavez stated that his office had proofs of service, as well as the hand to hand notice given by the Municipal Law Enforcement Services Department to Ms. Espino and someone else on the premises. Mr. Chavez added that the city was not obligated to provide any documentation in Spanish, or retain the services to help the occupants translate.

Councilperson Hall stated that he was in support of allowing the occupant's additional time to prepare a defense, however he wanted to make sure that there were no errors, on behalf of the City Attorney's Office.

On motion by Hall, seconded by Arceneaux, the hearing was continued to 9/16/08 at 7:15 p.m., by the following vote on roll call:

AYES: Council Members - Calhoun, Dobson, Arceneaux, Hall, Perrodin

OWNED PROPERTY**

On motion by Arceneaux, seconded by Dobson, the hearing was opened at 8:09 p.m., by the following vote on roll call:

AYES: Council Members/Commissioners - Calhoun, Dobson, Arceneaux, Hall, Perrodin
NOES: Council Members/Commissioners - None

Kofi Sefa'boayke, Director of the Redevelopment Agency, stated that the purpose of this hearing is for the council/commission to consider a disposition and development agreement between the Redevelopment Agency and Advanced Real Estate Services, Inc. In 2006, the Planning Commission gave the Redevelopment Agency the authority to conduct an exclusive negotiation agreement with Advanced Real Estate Services, Inc., in which they were chosen based on their ability to undertake this huge task.

Mr. Sefa'boayke stated that the agency obtained an appraisal on the property in January 2008 and it was determined to be worth 8.5 million dollars, but the developer has offered to purchase the site for 15 million dollars. Mr. Sefa'boayke requested the community's support in helping the commission make a critical decision on the development of this site.

**AUDIENCE COMMENTS
ON THE HEARING**

Val Dudley, Compton resident, questioned what the agency was proposing for the property.

Mr. Sefa'boayke stated that a residential community would be built on the site.

William Kemp, Compton resident, indicated that the city was awarded federal funding during the last administration, to establish a park at that site and asked if the funds were still available.

Douglas Sanders, City Treasurer, informed Mr. Kemp that the city received three million dollars from the Housing of Urban Development in 1993 through the County of Los Angeles and maintained that the funds were still active.

Mr. Kemp expressed a concern for the property being used to develop homes during a mortgage and foreclosure crisis and suggested that businesses and personnel buildings be built on the site to increase employment in the City of Compton.

Mr. Sefa'boayke explained that developments are governed by the city's general plan land-use designation and noted that the site is not designed for retail use. Mr. Sefa'boayke also commented that the development is consistent with the surrounding residential community.

Mr. Kemp questioned if this was the developer's first project in the City of Compton. Mr. Sefa'boayke replied affirmatively.

Ulysses Terry, Compton resident, stated that he has lived adjacent to the site for the past 50 years and expressed his support for the development. Nevertheless, Mr. Terry questioned if the development would exit on Alondra Boulevard or 156th Street.

Mr. Sefa'boayke indicated that those issues would be covered in the traffic mitigation study.

On motion by Hall, seconded by Arceneaux, the hearing was closed at 8:21 p.m., by the following vote on roll call:

AYES: Council Members/Commissioners - Calhoun, Dobson, Arceneaux, Hall, Perrodin
NOES: Council Members/Commissioners - None
ABSENT: Council Members/Commissioners - None

**COUNCIL/COMMISSION
COMMENTS ON THE HEARING**

Councilperson/Commissioner Arceneaux asked that the developer include amenities within the residential development.

Councilperson/Commissioner Hall requested the ground-breaking date.

Rick Julian, President of Advanced Real Estate Services Inc., explained that the landfill closure plan would be complete in six months, however it may take up to two years to obtain complete approval for ground-breaking.

Douglas Sanders, City Treasurer, questioned if the community would be protected from the toxins distributed through the clean-up phase of the development.

Mr. Sefa'boayke stated that there are regulated processes that mandate that the developer maintain the construction area and protect the citizens from toxins.

Mr. Sanders asked the City Attorney if there would be any potential liabilities to the city 50 years from now, due to the homes being built on a landfill.

Mr. Sefa'boayke explained that the Polanco Law would grant the city immunity to any future liabilities because of the need to develop inner cities.

Councilperson/Commissioner Dobson questioned how long the developer has been in business.

Mr. Julian stated that he has been in business since 1978.

Councilperson/Commissioner Dobson questioned if he was familiar with the possibilities of contaminants.

Mr. Julian replied affirmatively and commented that his company is partnering with one of the largest companies in the country.

Mayor/Chairperson Perrodin informed the developer that the city may be acquiring the eastern portion of the Southern California Edison right-of-way for park space and advised them to be considerate of the possible ingress and egress.

**JOINT PUBLIC HEARING -

OF A RESOLUTION AUTHORIZING
THE LEASE OF AGENCY-OWNED
PROPERTY AT 958 WEST
WALNUT STREET**

On motion by Arceneaux, seconded by Hall, the hearing was opened at 8:36 p.m., by the following vote on roll call:

AYES: Council Members/Commissioners - Calhoun, Dobson, Arceneaux, Hall, Perrodin
NOES: Council Members/Commissioners - None
ABSENT: Council Members/Commissioners - None

Kofi Sefa'boayke, Director of the Redevelopment Agency, stated that the purpose of this hearing is for the council/commission to consider the adoption of a resolution authorizing the lease of agency-owned property at 958 West Walnut Street on a month to month basis for two years. Mr. Sefa'boayke explained that there is a clause within the contract that authorizes the city to terminate the contract at anytime for the highest and best use to be determined by the city.

**AUDIENCE COMMENTS
ON THE HEARING**

Robert Ray expressed his support for the proposed development, however he questioned the need for kennels and who would be maintaining the animal care.

Wolfgang Rader, President of German K-9 Experts, explained that the kennels were necessary to house the dogs when their owners go on vacation. Mr. Rader commented that K-9's need special care, therefore they cannot be housed in an ordinary kennel.

Councilperson/Commissioner Arceneaux questioned if any of the dogs would reside permanently on the premises.

Mr. Rader reiterated that the only animals that would be on the property after hours would be the ones that belong to the owners who are on vacation.

Councilperson/Commissioner Arceneaux requested the type of dogs that would be on the property. Mr. Rader affirmed that problem dogs would be trained at the facility.

Councilperson/Commissioner Arceneaux questioned the security of the establishment. Mr. Rader cited that a fence would surround the kennels, as well as a fence surrounding the property.

Councilperson/Commissioner Hall asked if the applicant had liability insurance. Mr. Sefa'boayke emphasized that the applicant submitted those documents to the agency.

Councilperson/Commissioner Hall also questioned if the liability insurance was reviewed by the City Attorney's Office. Mr. Sefa'boayke cited that those documents have been forwarded to the City Attorney's Office.

Ruth Rugley, Deputy City Attorney, commented that the City Attorney does not consider items prior to council's approval.

William Kemp asked if there was a difference between a license for kennels or a training facility.

Ms. Rugley replied that the licensing falls under the city's tax and license codes.

Lynn Boone, Compton resident, questioned why the applicant wants to provide these services in the City of Compton on a month to month lease.

George Mendoza, city employee, stated that he approached the Mayor/Chairperson with this proposal because he felt the city could benefit from Mr. Rader's services.

Dr. Giovanni Bradsfield, Compton resident, questioned the cost per square foot and if it equaled the amount of rent the applicant was being charged.

Mr. Sefa'boayke explained that the cost per square footage was not considered because this is not a permanent use.

Mr. Rader mentioned that the facility would teach dog owners how to properly care for their animals.

Joyce Kelly questioned why this property was being leased for such a small amount.

Mr. Sefa'boayke stated that the amount the city receives from this agreement amounts to more than what the city would receive with no agreement at all.

On motion by Hall, seconded by Arceneaux, the hearing was closed at 9:02 p.m., by the following vote on roll call:

AYES: Council Members/Commissioners - Calhoun, Dobson, Arceneaux, Hall, Perrodin

Councilperson Calhoun stated that there is no study accompanying the background information and requested that this item be pulled until the study is submitted.

Councilperson Hall felt this item had been postponed long enough and should be decided upon tonight. Mr. Hall expressed his support of the salary adjustment,

indicating that the city should be competitive in the aspect of wages.

Councilperson Calhoun agreed with Councilperson Hall's comments and noted that the absence of the study has caused her some concern.

Lynn Boone, Compton resident, felt the city's money was wasted in the search for a new city manager. Ms. Boone cited that there were employees within the city who have been fulfilling the duties of this position and alleged that the position is being saved for someone in particular.

Councilperson Hall asked Ms. Boone if she worked in this department. Ms. Boone replied affirmatively.

Councilperson Hall requested her position in the department. Ms. Boone affirmed that she works as a Redevelopment Technician I.

Councilperson Hall requested the number of positions above Redevelopment Technician I. Ms. Boone stated that there were four positions above her position.

Councilperson Hall asked Ms. Boone if she was ever involved in executive management decisions. Ms. Boone stated that she has never been involved in those types of decisions, however she felt she did not have to be in management to comment on city spending.

#1.

Councilperson Hall stated that the city initially began promoting from within the city, however it was at the citizen's request to conduct a national search for the city manager position. Mr. Hall explained that interviews were conducted and felt the council chose the best person for the job. Mr. Hall noted that it is not uncommon for cities to conduct a national search for the city manager position.

Councilperson Arceneaux agreed that a salary adjustment should be made to attract qualified candidates for both positions.

Councilperson Hall asked the City Manager if a study is conducted for all positions throughout the city.

Charles Evans, City Manager, replied affirmatively and added that ongoing classification and compensation studies are conducted. Mr. Evans stated that these positions were identified and found to be 30% below the average salary of the surrounding cities.

Mr. Evans mentioned that the city worked with the bargaining units to establish a salary they both felt would attract qualified candidates.

On motion by Dobson, seconded by Calhoun, **Resolution # 22,626** entitled “**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON APPROVING A SALARY ADJUSTMENT FOR THE CLASSIFICATIONS OF DEPUTY DIRECTOR OF COMMUNITY REDEVELOPMENT AND DIRECTOR OF COMMUNITY REDEVELOPMENT**” was adopted, by the following vote on roll call:

Mr. Kemp also questioned how long the individual had been working under the current contract. Mr. Evans stated that she has been working under various contracts for the past two years.

Councilperson Hall stated that he has been commenting on this contract for the past four years and felt competent city employees should be hired to perform these duties.

(510 EAST ROSECRANS
AVENUE)

AYES: Council Members - Calhoun, Arceneaux, Hall, Dobson

#1.

Gay Morris, Director of the Planning and Economic Development Department, stated that the purpose of this hearing is for the council to consider an appeal of a planning commission decision to deny the construction of a multi-tenant building with a take-out restaurant with parking and setback modifications in a C-L limited commercial zone. On July 11, 2008, the planning commission conducted a public hearing and voted to deny the approval of the project. Subsequently, the applicant filed an appeal to the City Council and was notified of the hearing date and time. The proposed project is approximately .58 acres with street frontages along Rosecrans Avenue and Willow Avenue, in which the applicant proposes to construct a 9,500 square foot building for multiple tenants. The development further proposes fewer parking spaces and fewer setbacks required by code, with a substantial tenant leasing plan to assist in locating suitable tenants for the site.

Ms. Morris indicated that the Redevelopment Agency, Development Review Committee and the planning staff have reviewed the request and recommended that the applicant consider one of two options: (1) construct a smaller building with a take-out restaurant. or (2) construct a larger building without a take-out restaurant.

Ms. Morris further stated that during the planning commission hearing the applicant spoke with no opposition from the community, however the applicant was resolute in seeking the approval of the project “as is” and his request was ultimately denied. As a result, staff recommended that council uphold the planning commission’s decision to deny conditional use permit case no. 2603/variance case no. 2604.

**AUDIENCE COMMENTS
ON THE HEARING**

Lorraine Cervantes, Compton resident, questioned why the planning commission denied the applicant's request.

Charles Evans, City Manager, explained that the proposed development was not compatible with the surrounding area or in conformance with the general plan. Mr. Evans added that the applicant was not willing to make the suggested modifications, therefore his request was rejected.

Imani Robinson, Compton resident, expressed her support for the planning commission's decision to deny the applicant's request, as it relates to parking and setback requirements.

Val Dudley, Compton resident, also expressed her support for the planning commission's decision to deny the applicant's request.

Juan Kevotoes, representative of Kevotoes Partners and architect for the project, contended the comment made by the city manager concerning this project's incompatibility with the city's general plan. Mr. Kevotoes stated that is it documented that the planning department found that the take-out restaurant substantially complies with the standards contained in the land-use designation of the general plan.

Mr. Kevotes stated that his client believes that his proposed development was denied because he rejected the planning commission's options. As a result, his client has expressed that he is willing to comply with option one.

On motion by Arceneaux, seconded by Hall, the hearing was closed at 4:02 p.m., by the following vote on roll call:

AYES:

Council Members - Calhoun, Arceneaux, Hall, Dobson

NOES:

Council Members - None

ABSENT:

**COUNCIL COMMENTS
ON THE HEARING**

Councilperson Hall felt additional mitigation and negotiations should have taken place between the developer and the planning commission prior to coming before the City Council.

Ms. Morris stated that once the planning commission makes their decision, the applicant is encouraged to contact them with any questions or concerns. Ms. Morris commented that she did not hear from the applicant, prior to this meeting, which is typically when negotiations begin.

Councilperson Hall suggested that the item be remanded back to the planning commission for further negotiations.

Councilperson Arceneaux agreed with Councilperson Hall's suggestion and questioned if the fascade of the frontal area was approved by the Architecture Review Board (ARB).

Ms. Morris commented that the ARB does not review the plans until the project is approved.

Councilperson Calhoun stated that she used to live in this area and affirmed that it was a high traffic zone. Ms. Calhoun felt it was the applicant's responsibility to contact the planning commission, concerning the status of his development.

Mayor Pro-Tem Dobson also requested that the application be remanded back to the planning commission for further negotiations.

**PUBLIC HEARING -
NEW RUBBISH RATES**

On motion by Arceneaux, seconded by Hall, the hearing was opened at 4:31 p.m., by the following vote on roll call:

AYES: Council Members - Calhoun, Arceneaux, Hall, Dobson
NOES: Council Members - None
ABSENT: Council Members - Perrodin

Michael Harvey, representative of the Water Department, stated that the purpose of this hearing is to announce the proposed rubbish rate increases. The proposed increase is due to an increase in transfer fees, fuel costs, maintenance and labor costs and the costs of living. Mr. Harvey mentioned that the rates have not been raised since 2004. As a result, the department is recommending a cost of living increase of 15%, effective September 1, 2008.

Mr. Harvey emphasized that the new rates would allow the City of Compton to meet the challenges of the future and keep pace with inflation.

**AUDIENCE COMMENTS
ON THE HEARING**

Robert Ray, Compton resident, questioned if there were any plans to position recycling bins at multi-family and commercial establishments.

Mr. Harvey asserted that the city would begin its efforts towards recycling, by implementing recycle bins at the Gateway Town Center.

Lorraine Cervantes, Compton resident, expressed her support for the rate increase and suggested that recycle bins be positioned at city sponsored events.

Essie Spellman, Compton resident, questioned if residents should impede neighborhood loiterers from taking recyclables from residential trash bins.

Mr. Harvey informed the community that the city's ordinance prohibits anyone but the trash company, from taking recyclables once their placed in the bins. Mr. Harvey cited that recyclable materials are one of the ways that trash bins are subsidized.

Mayor Pro-Tem Dobson requested the department's solution to this problem.

#1.

Mr. Harvey stated that other cities are also experiencing this problem, however they have not come up with a solution.

Councilperson Arceneaux suggested that signs be placed on the bins.

Imani Robinson, Compton resident, suggested that the city implement a billboard campaign to inform Compton residents and neighborhood loiterers.

Val Dudley, Compton resident, stated that she would go door to door in Richland Farms to notify her neighbors of the city's ordinance.

Paulette Conley, Compton resident, stated that she has a family that goes through her garbage every Wednesday night and suggested that the family be fined.

Mr. Harvey stated that he would utilize the block club commissions to get the message out.

Ernest Riggs, city employee, expressed his compassion for the neighborhood loiterers and felt they should be educated on the law, before fining them.

FROM: CITY MANAGER

SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON AUTHORIZING THE TRANSFER OF FUNDS FROM PROPOSITION C TO PROPOSITION A AND AUTHORIZE THE CITY MANAGER TO RE-ISSUE A PURCHASE ORDER TO THE LOS ANGELES COUNTY METROPOLITAN TRANSPORTATION AUTHORITY

BACKGROUND

The Southern California Air Quality Management District has mandated through the Clean Air Act that employers provide ride sharing, alternative transportation and trip reductions programs.

The City of Compton receives approval from the Metropolitan Transportation Authority to provide transit services to its elderly.

The City of Compton, in order to comply with the program guidelines, purchases from the Metropolitan Transportation Authority, public transit bus passes on a monthly basis to provide alternative transportation for employees to and from the work site and provide transit services for the elderly.

STATEMENT OF PROBLEM

Resolution Number 22,358 was adopted by City Council on July 10, 2007 authorizing the issuance of a purchase order to the Los Angeles County Metropolitan Transportation Authority for the purchase of public transit passes for City employees and the elderly of the Compton community.

Upon adoption of Resolution Number 22,358, these purchases were to be offset by funding from Prop C. However, funding received from the Metropolitan Transportation Authority was actually approved for Prop A funding and not Prop C as indicated in Resolution Number 22,358. Therefore, a resolution must be adopted to transfer funding from Prop C to Prop A.

FINANCIAL IMPACT

The adoption of this resolution will not have a financial impact on the City’s budget for fiscal year 2007-2008 as monies were allocated for this purpose.

RECOMMENDATION

It is recommended that the City Council rescinds Resolution No. 22,358 and adopt the attached resolution to approve the transfer of funds from Prop C to Prop A as follows:

FROM:	
ACCOUNT NUMBER	AMOUNT
1900-56-0001-4249	\$110,000.00
2625-56-0000-4269	\$ 25,000.00
TO:	
2000-56-0000-4249	\$110,000.00
2625-56-0000-4269	\$ 25,000.00

It is also recommended that the City Council authorizes the City Manager to re-issue purchase order to the Los Angeles County Metropolitan Transportation Authority for the purchase of public transit bus passes and transit passes for the elderly in the amount of \$135,000 for fiscal year 2007-2008.

SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON AMENDING THE HUMAN RESOURCES DEPARTMENT'S BUDGET FOR FISCAL YEAR 2008 - 2009 BY DELETING AN ADMINISTRATIVE ANALYST II AND ADDING A HUMAN RESOURCES SPECIALIST

BACKGROUND

Effective September 15, 2008, an incumbent in the Administrative Analyst II classification will be transferring to the Parks and Recreation Department and there is no current eligible list available. As a result of the transfer, the Human Resources Department will be void of one position.

FINANCIAL IMPACT

The financial impact of filling the Administrative Analyst II position with a Human Resources Specialist will generate salary and benefit savings in the Human Resources Department's budget for the 2008 - 2009 fiscal year.

STATEMENT OF PROBLEM

SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON AUTHORIZING THE ISSUANCE OF A PURCHASE ORDER TO THE LOS ANGELES COUNTY METROPOLITAN TRANSPORTATION AUTHORITY (LACMTA) FOR THE PURCHASE OF PUBLIC TRANSIT PASSES

SUMMARY

The attached Resolution is for authorization to issue a purchase order to the Los Angeles County Metropolitan Transportation Authority (LACMTA) for monthly transit passes, senior citizen bus pass subsidies and rideshare incentive programs.

BACKGROUND

Federal and State statutes require cities to develop and implement mobile source air pollution reduction strategies consistent with regional air quality goals established by the California Clean Air Act of 1988.

The City's program promotes the use of alternative transportation methods (carpool, bike, walk and public transit) to reduce vehicular congestion and emission. Monthly transit passes are provided for commuting to and from work via LACMTA rail/bus transit systems. Additionally, in 1994, the City received LACMTA approval to provide subsidized bus passes for senior citizens in the community.

Statutes requiring development and implementation of mobile source air pollution reduction strategies also require annual reporting to verify conformance with the requirements and qualifications for continued funding. Continuance of these programs demonstrates the City's commitment to meeting the goals of reducing congestion and air pollution.
