SUMMARY

The City Council will consider a resolution amending the professional service agreement between the City of Compton and Atkinson, Andelson, Loya, Ruud & Romo for Fiscal Year 2010-2011. The Council will also consider a budget amendment for the allocation of funds for the continuance of collective bargaining services for the City.

BACKGROUND

The City of Compton works extensively with Atkinson, Andelson, Loya, Ruud & Romo for collective bargaining on behalf of City employees. The various bargaining units representing City employees include the following: Compton Management Employees Association-AFSME Local 2325, AFL-CIO, Council 36, Local Union of Municipal Non Supervisory Employees (LUMNSE), Local #721, Service Employees International Union Maintenance and Trades Unit, AFL-CIO Public Safety Auxiliary and the Compton Firefighters, Local 2216. Atkinson, Andelson, Loya, Ruud & Romo negotiates the terms and conditions of employment including the rights and responsibilities of City employees. These bargaining services are important for ensuring that the process of labor negotiations is handled equitably.

STATEMENT OF THE ISSUE

Completion of labor negotiations and collective bargaining requires an amendment extending the current contract until the end of Fiscal Year 2010-2011. A budget amendment transferring funds between Non Departmental accounts will provide a fund allocation for the continuance of collective bargaining services.

SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON RESCINDING RESOLUTION NUMBER 23,227 AND AUTHORIZING THE ISSUANCE OF A PURCHASE ORDER TO APEX BUSINESS MACHINES FOR THE PURCHASE OF PAPER AND SUPPLIES FOR CITY DEPARTMENT COPIERS

SUMMARY

This resolution will rescind Resolution Number 23,227, and authorizes the City Manager to issue a purchase order to Apex Business Machines for the purchase of paper and supplies for City Department Copiers.

BACKGROUND

On November 2, 2010, the Council of the City of Compton adopted Resolution #23, 227 authorizing the purchase a supplies from Apex Business Machines. Since that time, another funding source has been identified for the purchases until the end of Fiscal Year 2010-2011.

STATEMENT OF THE ISSUE

The City's Central Duplicating Division purchases paper and supplies for all of the City Department copiers. Department copiers do not require the high grade quality of paper used for the Ricoh copiers, therefore, paper is purchased at a lesser cost.

The Central Duplicating Division received quotes for paper stock as follows:

<u>Vendor</u>	<u>Cost per Box</u>
Xerox Corporation	\$30.90 per box
Kelly Paper Company	\$33.25 per box
Apex Corporation	\$28.50 per box

Apex Corporation was the lowest responsible bidder, provides government discounts and accepts payment within the City's procurement guidelines.

#5.

FINANCIAL IMPACT

The cost for the purchase of paper and supplies is \$45,000.00. Funds for this purchase will come from Account Number 1001-610-0000-4249.

TO: MAYOR AND CITY COUNCIL

FROM: CITY MANAGER

SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON ALLOWING APPLICATION FOR FUNDING FROM THE URBAN FORESTRY GRANT PROGRAM ENTITLED “URBAN FORESTRY INVENTORY” PROVIDED THROUGH PROPOSITIONS 40 AND 84.

SUMMARY

This resolution allows staff to submit an application for funding from the Urban Forestry Inventory Grant Program.

BACKGROUND

Currently, the City of Compton is saturated with ficus trees, empty tree wells, and heat islands. In addition, the lack of current technology and inaccurate record keeping has created a stumbling block to improving the City’s urban forestry. The City’s Public Works Department has made an initial assessment of the current conditions and has determined that a tree inventory needs to be completed before the City can move towards creating a Comprehensive Community Forestry Management Plan. The City has developed partnerships with TreePeople and Caltrans to assist with this project. The City of Compton’s Urban Forestry Inventory Program has several objectives that are vital to meeting the needs of the community. They are as follows: *Assess the current conditions of the City’s urban forestry such as species, locations, tree conditions, empty wells, potential planting sites, sidewalk/infrastructure hazards due to tree roots and/or branches. *Provide a solid foundation for the preparation of the Community Forestry Management Plan *Create an electronic database in GIS format. *Increase urban forestry awareness within the community. *Prioritize tree maintenance scheduling based upon inventory result.

STATEMENT OF THE ISSUE

The Governor of the State of California in cooperation with the California State Legislature has enacted Propositions 40 and 84, which provide funds to the State of California and political subdivisions for urban forestry programs. The City of Compton’s Urban Forestry Inventory Program qualifies for funding under the state “Urban Forestry Inventory” grant program.

#6.

Urban Inventory Grant

Page 2

A project budget of \$243,000.00 would net \$181,500.00 in grant funds, with the City providing a match of \$61,750.00.

However submission of a grant application requires prior sanction of the City Council.

FISCAL IMPACT

There is no financial impact.

RECOMMENDATION

Staff recommends adoption of the reattached resolution authorizing application for funding under the state "Urban Forestry Inventory" program.

I certify that this report accurately reflects all pooled investments and is in conformity with the investment policy adopted by the City Council on July 07, 2009. (Gov Code 53646(b)(3)) The quarterly investment report must state the ability of the Agency to meet its expenditure requirements for the next six months or provide an explanation of why sufficient cash funds may or may not be available. The investment program may not provide sufficient cash to meet six months estimated expenditures. On December 18, 2009 and April 20, 2010, the City received its major source of revenue, property tax revenue and dmV fees. The economy for the past three years has been in a recession; the State of California has ordered cities and county governments to give up some of their revenue to balance the state budget. However in November 2009, the City Council voted to loan \$5 million of property tax revenue to a Town Center Developer. This money is operating income and Pension Money collected by an assessment on property taxes. By loaning this operating income it will severely by difficult to meet our obligation, in some instances the City is barely making its Payroll. The City is about 5 months behind paying its Public Safety obligation. The Treasurer's office is forced to hold some warrants due to lack of funds. I wonder what wisdom went into giving away the City operating Income. Also in the last 3 years return on investments have been exceptionally low due to ridiculously low to Zero interest rates in the market place and at this time there are no signs of any rate increase by the Federal Reserve. This revenue is intended to last at least until the next property tax revenue cycle. The pricing of securities is done by Union Bank and Interactive Data Services. Moody Investor Services rates the managed Pool Accounts AAA.

I certify that this report accurately reflects all pooled investments and is in conformity with the investment policy adopted by the City Council on July 07, 2009. (Gov Code 53646(b)(3)) The quarterly investment report must state the ability of the Agency to meet its expenditure requirements for the next six months or provide an explanation of why sufficient cash funds may or may not be available. The investment program may not provide sufficient cash to meet six months estimated expenditures. On December 18, 2009 and April 20, 2010, the City received its major source of revenue, property tax revenue and dmrv fees. The economy for the past three years has been in a recession; the State of California has ordered cities and county governments to give up some of their revenue to balance the state budget. However in November 2009, the City Council voted to loan \$5 million of property tax revenue to a Town Center Developer. This money is operating income and Pension Money collected by an assessment on property taxes. By loaning this operating income it will severely by difficult to meet our obligation, in some instants the City is bearty making its Payroll. The City is about 5months behind paying its Public Safety obligation. The Treasurer's office is forced to hold some warrants due to lack of funds. I wonder what wisdom went into giving away the City operating Income. Also int he last 3years return on investments have been exceptonlly low due to ridicouslously low to Zero interest rates in the market place and at this time there are no signs of any rate increase by the Federal Reserve. This revenue is intended to last at least until the next property tax revenue cycle. The pricing of securities is done by Union Bank and Interactive Data Services. Moody Investor Services rates the managed Pool Accounts AAA.
