PROJECT NO. 57943

APPLICATION OF BRP ANTLIA BESS LLC FOR A POWER GENERATION COMPANY REGISTRATION	§ § § § §	PUBLIC UTILITY COMMISSION OF TEXAS
---	----------------------------------	--

**ORDER NO. 1
FINDING APPLICATION DEFICIENT, PROVIDING OPPORTUNITY TO CURE, AND
ESTABLISHING DEADLINES**

On April 9, 2025, BRP Antlia BESS LLC filed an application under 16 Texas Administrative Code (TAC) § 25.109 in which it requested a new power generation company (PGC) registration. On April 11, 2025, BRP Antlia filed an application in which it requested an amendment to a PGC registration. It is unclear whether the April 11, 2025 application is intended to replace the April 9, 2025 application.

On April 28, 2025, Commission Staff filed a recommendation that BRP Antlia’s application be found deficient. Commission Staff further recommended that BRP Antlia be provided an opportunity to cure the deficiencies in its application and provided, with specificity, the information needed for BRP Antlia to cure the deficiencies, in accordance with 16 TAC § 25.109(g).

The administrative law judge finds BRP Antlia’s application deficient for the reasons specified in Commission Staff’s April 28, 2025 recommendation. Under 16 TAC § 25.109(g)(1), if the deficiencies are not cured within 20 days of the date on this Order, the application will be rejected, without prejudice to refile. Therefore, by May 22, 2025, BRP Antlia must cure the deficiencies in its application identified by Commission Staff. Additionally, BRP Antlia BESS must clarify whether it is seeking a new PGC registration, or an amendment to an existing PGC registration.

By June 2, 2025, Commission Staff must provide a supplemental recommendation on the application.

Signed at Austin, Texas on the 2nd day of May 2025.

PUBLIC UTILITY COMMISSION OF TEXAS

HUNTER BURKHALTER
CHIEF ADMINISTRATIVE LAW JUDGE
