## Sierra Pacific Power Company d/b/a NV Energy Quarterly Natural Gas/Propane Base Tariff and Deferred Energy Accounting Adjustment

Effective **April 1, 2025**, Sierra Pacific Power Company d/b/a NV Energy is adjusting its Base Tariff Energy Rate (BTER) and Deferred Energy Accounting Adjustment (DEAA) to reflect changes in natural gas costs the company pays on behalf of its customers. These changes will result in a revenue decrease of \$10,766,771. Increases or decreases are passed on dollar-for-dollar, with no profit to the company.

The company makes these quarterly filings on February 15, May 15, August 15 and November 15. These adjustments become effective 45 days from the date of filing. The transactions and recorded costs of natural gas, which are the basis for any quarterly rate adjustment, will be reviewed for reasonableness and prudence in the next proceeding held by the Public Utilities Commission of Nevada to review the annual rate adjustment application.

For additional information, please call Customer Service at the number listed on your bill. To read natural gas tariffs online, visit [nvenergy.com/rates](https://nvenergy.com/rates).
