**PETITION TO INTERVENE**

Community Organizing and Family Issues (“COFI”), by its attorney, National Consumer Law Center (“NCLC”), petitions the Commission for leave to intervene in this proceeding as a party. In support of this Petition, NCLC states as follows:

1. COFI is a community-based not-for-profit center and resource for family-focused organizing, leadership development and community building focused on the well being of children, youth and families in low income and working families. COFI has offices in both Chicago and East St. Louis, Illinois. COFI’s work embraces a mission to strengthen the power and voice of low-income and working families at all levels of civic life – from local institutions and communities to the city and state policy arenas.

2. COFI organizes low-income parents of color who, in turn, have built local and citywide organizations that are fighting for change around issues affecting families, and attracting attention nationally to their innovative policy solutions and organizing steps. COFI parents are impacted by policies of every utility in the state, including the petitioner in this proceeding, Commonwealth Edison Company (“ComEd”). For example, in addition to its City of Chicago work, COFI works intensively with families and parent leaders in Aurora, Elgin and Evanston, and has partnerships in West Chicago, Skokie, Oak Park. In addition, COFI works for

public policy change on a variety of statewide issues impacting low income and working families throughout the State of Illinois.

3. As residential utility customers, COFI members and parent leaders will be directly affected by the Commission's decisions related to the operation of policies and performance-based rate metrics adopted in this proceeding.

4. The undersigned attorney agrees to accept service by electronic means.

WHEREFORE, Petitioner COFI respectfully requests that the Commission grant this Petition to Intervene and treat COFI as a party to this proceeding.

Respectfully submitted,

Community Organizing and Family Issues (COFI)
