NOTICE TO CUSTOMERS OF NEW MEXICO GAS COMPANY, INC.

This is **NOTICE** that New Mexico Gas Company, Inc. (“NMGC”) and Saturn Utilities Holdco, LLC, (“Saturn Holdco”), among others, filed a Joint Application with the New Mexico Public Regulation Commission (“NMPRC” or the “Commission”) seeking authorization for Saturn Holdco to acquire NMGC. What follows is a summary of the Joint Application, the procedural steps for how the Joint Application will be processed, and information about how you can participate in the process.

If you do not wish to participate, no action is required on your part.

1. On October 28, 2024, a Joint Application, including an Amended General Diversification Plan, was filed with the Commission seeking approval for Saturn Holdco to acquire NMGC. If the Joint Application is approved, Saturn Holdco would become the owner of NMGC.

2. NMGC is a public utility regulated by the Commission. NMGC is owned, through subsidiaries, by Emera, an energy and services company that owns and invests in energy distribution, generation, and transmission, and other energy related management services. NMGC provides natural gas utility service to approximately 549,000 retail customer meters (serving over 1.3 million people) in more than two-thirds of New Mexico’s counties. NMGC is not proposing to change its current Commission-approved rates, rules, and forms. NMGC asserts that it will not seek recovery in rates of any costs related to the negotiation and closing of the proposed transaction.

3. Saturn Holdco is a Delaware limited liability company formed for the purpose of owning NMGC. Saturn Holdco's principal office is located at 400 Convention Street, Suite 1010, Baton Rouge, Louisiana, 70802. Saturn Holdco is a wholly owned subsidiary of Bernhard Partners (BCP) Infrastructure Funds. See full Joint Application for the complete description of NMGC and Saturn Holdco ownership structures.

4. The purchase price Saturn Holdco will pay is \$1.252 billion, including the assumption of approximately \$550 million of existing debt of NMGC. The proposed transaction will not require the issuance or refinancing of any NMGC debt. If the proposed transaction is approved, upon closing, 100% of the equity interests in NMGC will be transferred to Saturn Holdco. NMGC will continue to be a regulated public utility after closing of the proposed transaction and be subject to the jurisdiction of the Commission.

5. The Joint Applicants request the Commission's approval of: (1) the acquisition by Saturn Holdco of TECO Energy, the holding company NMGI (sole owner of NMGC stock), and NMGC; (2) the Transition Services Agreement whereby NMGC's current owner, Emera and its affiliates, will provide support services to NMGC, NMGI, and TECO Energy for a period of time after closing the transaction; (3) the divestiture of NMGC, by Emera; and (4) NMGC's Amended General Diversification Plan (includes, among other things, access to books and records of utility and affiliates to assure appropriate cost allocations and no cross subsidization pursuant to Commission Rule 17.6.450 Affiliate Transactions NMAC).

6. The Commission has assigned Case No. 24-00266-UT to this proceeding, and all correspondence, pleadings, comments, and other communications concerning the Joint Application should refer to that case number.
