In the winter launch earlier this year, we released the Mystic Wolf, the successor of the Majestic Eagle, to showcase the possibilities of the enhanced smart-minting® technology.

Following up on that success, CIT is proud to release a Black Proof version of this incredible design.

This 2 oz silver Black Proof features the same design that was released in the winter launch, but done with a different finish that has become a very popular way to collect coins.

Following the huge success of last year's anniversary silver edition it's time to also give a stage to Mr. Bean's famous partner – the dearest teddy.

This incredible 0.5 gram gold proof and the five gram silver note show Mr. Bean in his two best-known forms. The character played by actor and creator Rowan Atkinson and his animated form. In both ways he is accompanied by his cute friend.

The Athenian Owl tetradrachm, renamed after the Greek goddess of wisdom, is arguably the most popular and recognized ancient coin. It represented about a week's pay for ancient Greek soldiers.

The owl was associated with Athena very early on in archaic artworks and often depicted perching on her hand. Because of its strong connection with the goddess, the owl evolved into the Athenians' own icon and graced a large variety of coins such as the tetradrachm from as early as the 5th century BC.
