

A Fresh Solution to Your Linen Supply Needs

Q: Are all of the facilities within the network OSHA compliant?

A: Yes. All facilities are run under strict OSHA guidelines and regulations pertaining to medical linen.

Q: Can we tour facilities within the network?

A: We absolutely encourage all potential and existing clients to tour any of our network affiliate facilities.

Q: Are your products consistent across the entire network?

A: Yes. All network affiliates standardize on the same products. Your facilities in California will receive the same products as your facilities in Texas.

Q: Is your pricing consistent across the network?

A: Yes. MEDtegrity will assess your company's unique needs and requirements, and propose competitive national pricing. You can be confident that your pricing will not change during the first year of service. Options include customized billing/invoicing programs.

One Point of Contact

One Agreement Nationwide

OSHA Compliant

Exposure Control Plan

Sharps Reductions Program

Contingency Program

Disaster/Evacuation Plans

Quarterly Bacterial Reports

HLAC Accredited Laundries

Benchmark Reporting

Q: Are there quality control procedures in place at each facility?

A: Yes. Every network affiliate adheres to exacting, pre-defined quality control standards.

Q: What about creating an image with our lab coats, scrubs, or other garments?

A: Yes. We can produce (or even design) customized embroidery throughout the entire network.
