

## Introducing MEDtegrity®

Imagine never having to worry about your linen supplier again. With MEDtegrity Healthcare Linen & Uniform Services, you won't have to.

MEDtegrity is an alliance of the largest and most successful independent

linen suppliers across the U.S. We've joined forces in order to provide national and regional outpatient healthcare business – such as surgery, rehabilitation, and diagnostic centers – with high-quality medical apparel and linens cost effectively and consistently.

How do we do it? Our key difference is ownership. Unlike the massive chain suppliers, each of our members is independently owned and operated. This means that wherever you're located, you will

benefit from local management directly involved with and invested in your account.

While our members market under the MEDtegrity brand name nationally, member companies maintain their own brand names locally. Their local service representatives are available 24-hours a day to provide an unmatched level of customer service.
