At Karndean we see flooring differently...

We travel the world in our quest to bring you exceptional floors that inspire and delight. From the ancient forests of Europe, to the remote Australian outback and beyond, we seek out expressive and intriguing forms in the natural world to influence our unique floor designs.

By combining these original features with cutting edge design, we create simply beautiful floors that you'll love for a lifetime.

Karndean LooseLay

Karndean LooseLay is a range of luxury vinyl flooring featuring our K-Wave friction grip backing that holds the product in place. It creates a strong bond to the subfloor using a combination of weight and friction.

Perfect for temporary and permanent use, Karndean LooseLay is ideal if you are interested in changing out the flooring frequently or want to reduce sound passing to rooms below.

What's more, it's quick and easy to install, requiring only the use of a light tackifier in the majority of installations.

Choose from traditional oak looks, Australian woods, contemporary blends and exotic species or from our collection of popular stone effects including travertine, concrete and slate.

Our Karndean LooseLay Longboard range features a collection of 20 woods in a 1.5 metre extra-long format.

Why Karndean?

All the benefits of Karndean Designflooring...

Realistic designs

Inspired by nature, our products are designed in-house and realistically replicate the look and feel of real wood and stone materials.

Durable

Compared to other flooring alternatives, Karndean gives you the look and feel of natural products but with the durability and resilience of luxury vinyl.

Low maintenance

Easy to clean with a sweep or mop. Doesn't require sanding, varnishing or staining.

Pet friendly

From muddy paw prints to household accidents and anything in-between, Karndean's low-maintenance floors are designed with pets in mind.

Kid friendly

Karndean floors offer children a safe and comfortable space to play, and parents a durable, easy-to-clean surface.

Waterproof

Karndean's waterproof floors stand up to spills of all sizes.

Environmentally friendly

All of our products meet the recognised standards for sustainable design as well as being fully recyclable.

Compatible with underfloor heating

Karndean is perfectly suitable for underfloor heating systems up to 27°C.

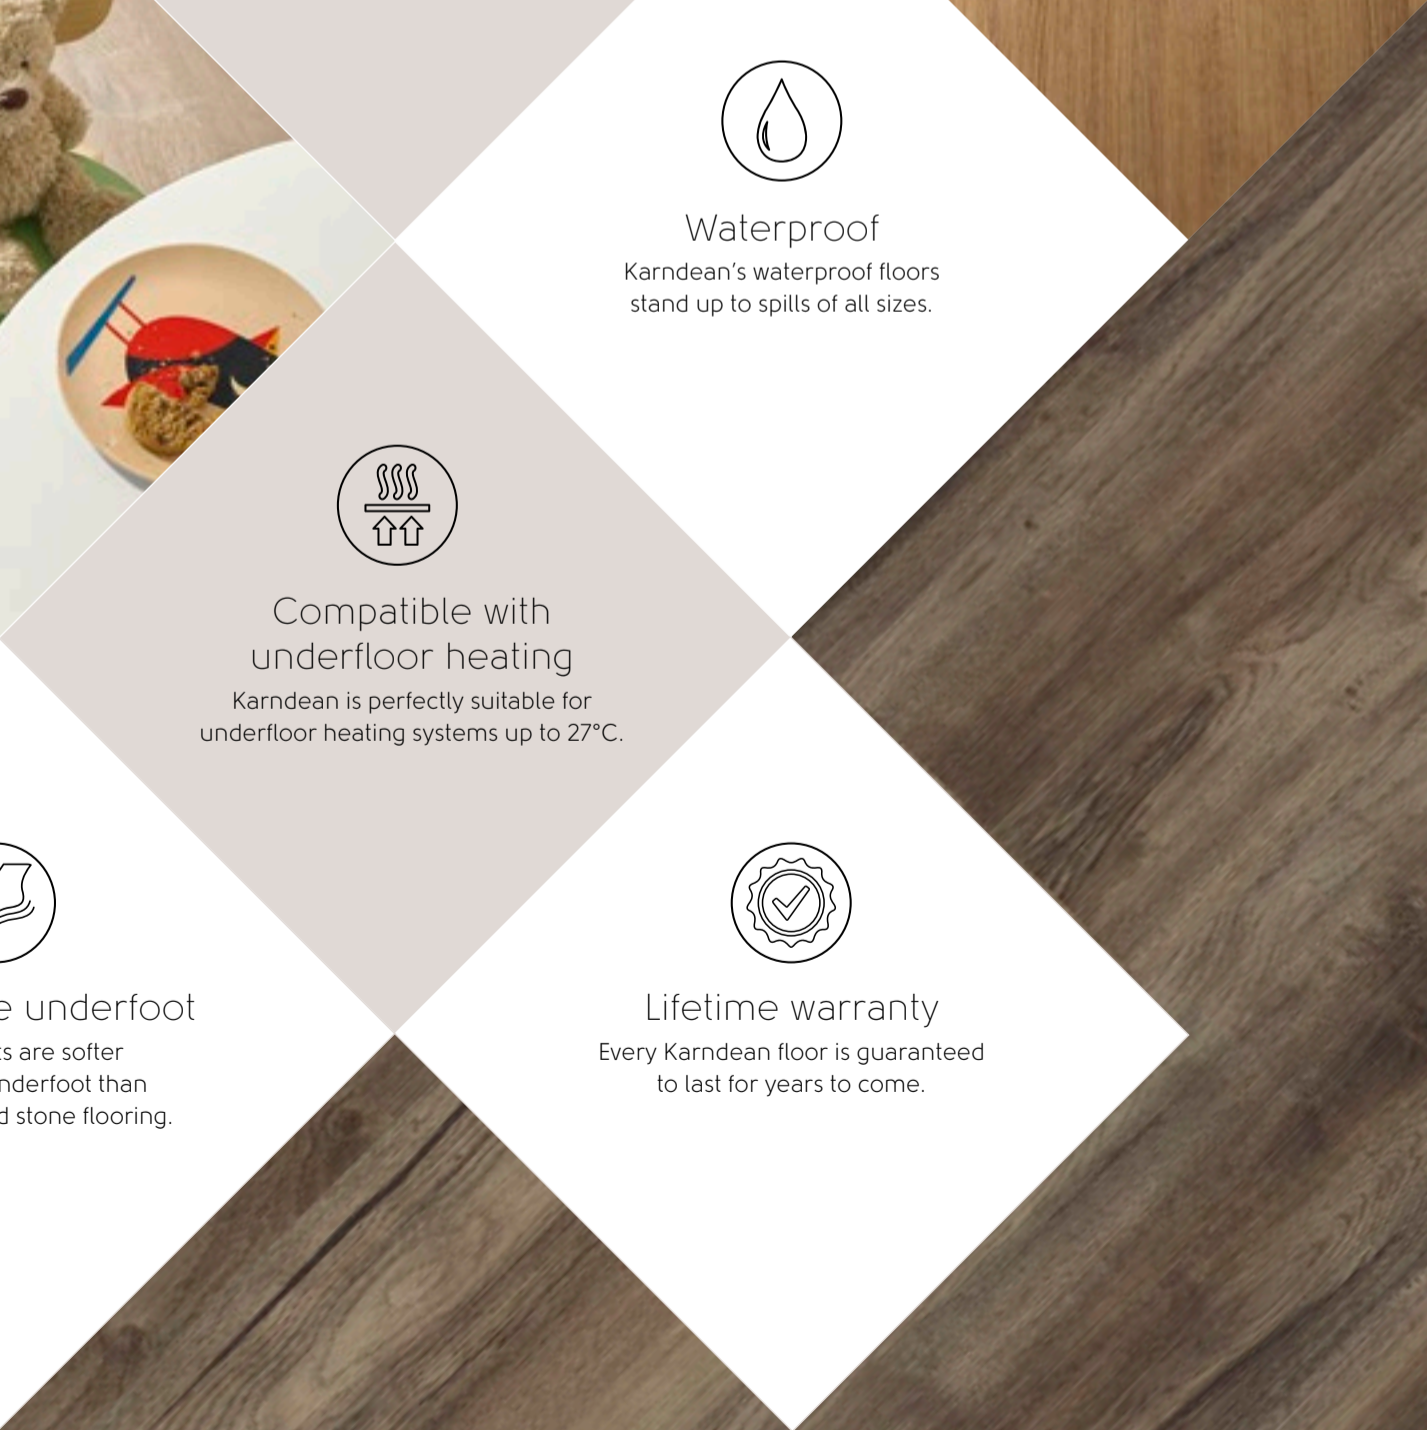

Comfortable underfoot

Our products are softer and warmer underfoot than natural wood and stone flooring.

Lifetime warranty

Every Karndean floor is guaranteed to last for years to come.

Why Karndean LooseLay?

Karndean LooseLay is a format of luxury vinyl flooring featuring our K-Wave friction grip backing that holds the product in place.

Boasting the realistic designs and grain details customers expect from Karndean, LooseLay is available in large scale wood look planks and stone look tiles and can help you create a look that works in almost any space. What's more, it's easy to install and can be laid over most existing hard floors. Oh, and it's 100% recyclable!

All the benefits of Karndean with the added benefits of...

Quick and easy to install

All you need is a sound, smooth, dry and dust free subfloor. Karndean LooseLay can be fitted over most existing hard floors*.

Individually replaceable

Should you need to replace a piece, simply lift the damaged plank or tile and replace with a new one.

Acoustic qualities

Karndean LooseLay is perfect for projects where you want to reduce noise levels in the room below, such as playrooms, bedrooms and garage/loft conversions without the need for underlay.

K-Wave friction grip backing

Our K-Wave friction grip backing creates a strong bond to the subfloor using a combination of weight and friction.

Colour and Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason we strongly recommend that you look at a sample of any product you are considering before placing your order.

All of our products are inspired by things we have seen in the natural world. Just as variation in colour and detail is part of the unique beauty of natural materials, it is also a feature of many of our designs. This means that with some of our products you will see natural variation when your floor is laid. If in doubt, ask your retailer to show you a larger sample of the product.

We love developing new ideas and improving on our existing designs. This does mean that sometimes products are withdrawn at short notice. We hate to disappoint, and will always try to work with you to find an alternative design that you love just as much.
