HYBRID FLOORING

Waterproof

Interior waterproof, can be installed in wet areas including bathrooms and laundry. SPC flooring provides a hard wearing surface with good dimensional stability. Excellent for renovations over existing ceramic tiles, minimal telegraphing. High impact surface resistance, 0.5mm décor vinyl wear layer. Wide plank formats & click profile for easy install.

Attached IXPE 1.5mm acoustic underlay to enhance walking comfort, warmth and minimise sound transmission.

Tough & Durable

Century Planks SPC Hybrid flooring is a tough and highly durable choice for modern interiors. Due to its unique stone polymer composite (SPC) construction, Century Planks is 100% waterproof, providing ultimate peace of mind for everyday residential living.
