Product is sold subject to Jay-Be® standard terms and conditions. See full terms at jaybe.com/legal

JAY-BE
Sleep Smart

Barrier against Dust Mites & Allergens

Soft **Breathable** Fabric Allows Airflow

Flexible & Silent **Waterproof** Membrane

Made to measure, Jay-Be™ washable zip-on mattress protectors are a perfect fit for your Jay-Be™ Folding Bed mattress. As well as guarding your mattress against liquids, potential stain damage, dust mites and allergens, the cover is also extra soft so it doubles up as a comfortable fitted sheet to sleep on.

Designed with absolute practicality in mind, Jay-Be™ mattress protectors are also fully machine washable and cover the whole mattress; and unlike other waterproof covers, the high tech membrane is silent and flexible for ultimate protection without that unpleasant plastic feel.

The cover's micro-pores also allow air to flow freely for a fresher and healthier sleeping environment.
