

MEYA

Combining a luxurious layer of Dunlopillo® latex with 1050 individual pocket springs, this sleep-enhancing mattress will support the contours of your body ensuring you have a wonderful night's sleep and wake up feeling revitalised.

1050

Individual pocket springs

1050* individual pocket springs follow and support your body shape and weight.

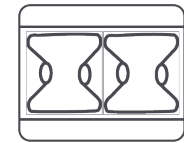

Luxurious layer of Dunlopillo® latex

Pure Dunlopillo latex is used to create a supportive yet breathable sleeping environment.

Glue free construction

With sustainability at the forefront of our designs, glue-free construction is kinder to the environment.

Edgetech springs

Edgetech springs along the sides add strength to the mattress and allow use of the whole sleep surface of the mattress.

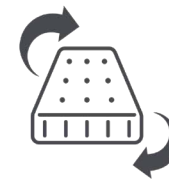

Quilted sleeping surface

The soft sleeping surface is quilted to provide you with a supportive and comfortable night's sleep.

Two row of side stitching

Provides a more robust mattress border.

Rotate only mattress

No need to turn the mattress, although regular rotation will extend its life.

Guaranteed quality

This mattress comes with a 10 year guarantee against manufacturing faults.
