

ROYAL SUTTON POCKET 2200

Sublimely comfortable, the lambswool rich mattress combines the best of British craftsmanship with plump luxurious natural upholstery.

2200* DOUBLE LAYER OF CALICO POCKET SPRINGS

Pocket springs move independently and so provide the best postural support. The individual pocket springs follow and support your body shape and weight. *King size.

SPRING TENSION

Available in soft, medium or firm. Also available in combination tensions.

LAMBSWOOL LAYER

Lambswool is blended into a blanket-like layer and used as a soft and insulating upholstery layer for added comfort.

HAND TEASED MOHAIR

Mohair is resilient, soft and luxuriously comfortable. Warm in winter due to its insulating properties and cool in the summer due to its moisture wicking properties.

HAND TUFTED WITH WOOL TUFTS

This traditional skill ensures all loose fillings are secured to provide the perfect finish to your mattress.

TURNABLE

Both sides can be used prolonging the life of the product. Turnover and rotate your mattress once a week for the first 3 months and then once a month thereafter.

HAND-NESTED AND HAND-CENTRE-TIED

Individual springs sewn in calico fabric pockets are hand-nested in a honeycomb pattern and tied with linen cord. This construction eliminates movement transfer for a more peaceful sleep.

HYP0-ALLERGENIC LAYER

A layer of hypo-allergenic fibre is used underneath the mattress fabric cover. This layer is sterilised and dust free, therefore, ideal for allergy sufferers.

HAND TEASED LAMBSWOOL

Lambswool is a natural insulator providing coolness in the summer and warmth in the winter. Lambswool also offers superb comfort as it is soft and very elastic.

3 ROWS OF HAND SIDE STITCHING

Skilled craftsmen use upholstery needles to hand stitch the mattress borders to provide better support and extending the sleeping area to the edge of the mattress.

M-PURE TREATED MATTRESS FABRIC

M-Pure is a natural fire resistant treated fabric. This non chemical FR treatment uses biologically based ingredients that make it bio-degradable, environmentally friendly and 100% sustainable.
