HYPNOS®

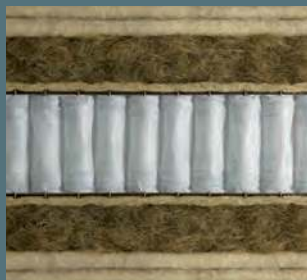

THE MOST COMFORTABLE BEDS IN THE WORLD

The Summer Collection

Hypnos has more than 100 years' experience in hand crafting bespoke, made-to-measure mattresses and beds for the finest homes and hotels around the world. Voted 'Bed Manufacturer of the Year' twice, holding a Royal Warrant and being a completely carbon neutral company are all defining factors that set Hypnos apart from many other bed makers.

THE GOD
OF SLEEP

Based in Buckinghamshire, Hypnos remains a close family-run business with strong ethical values, a reputation for outstanding craftsmanship, service and the very best in British quality. This is supported by being holders of a Royal Warrant from Her Majesty Queen Elizabeth II, which in itself acts as a mark of excellence and proudly distinguishes Hypnos.

The beds themselves combine traditional skills with constant innovation and are uniquely designed to provide unparalleled support, comfort and functional luxury. Each mattress has intelligent pocket spring technology, which actively minimises pressure points on the body, helping to increase blood circulation and alleviate tension, which in turn allows muscles to relax. The springs mould to the sleeper's body, leading to a natural alignment of the spine whilst generous amounts of the finest natural and sustainable fillings provide soft and breathable layers, which work together to help regulate body temperature and repel allergens for a truly restful night's sleep. Complete with elegantly upholstered headboard, divan base and practical hidden storage solutions.

It is this attention to detail in the pursuit of perfection which allows Hypnos to create the world's most comfortable, stylish and luxurious beds – meaning you can get a truly beautiful night's sleep.

Hypnos invites you to take a journey through its new Look Book, a visual guide to creating the perfect sanctuary for sleep by the masters in the art of bed making.

Ornate Revival

Decadent and bold, a revival of Victorian influences subtly curated to bring elements of the era together through a modernist eye. Colour palettes are rich with deep blues, mustards and golds, accented with floral prints, whilst tall curving headboards dominate the space and bring the bed itself back to being the focal point of the room.

Hypnos Clarence Supreme mattress from the Regency Collection, with deep divan base and Katherine Euro-Wide and winged headboard. Fabric is Linwood's Omega Wattle Velvet. Shown in Super Kingsize for £7,080. Available from Hypnos – www.hypnosbeds.com

Monomark

An alliance between light and shade, where the scales of grey are intertwined and the lack of colour is key. Create a minimal feel with clean lines and sharp shapes that cleanses the bedroom of clutter and helps the simple art of design flourish. The bed is shaped to accentuate this linear feel and soft but formal greys help to ease you into the room's style.

Hypnos St James Supreme mattress from the Regency Collection, with deep divan base and Vienna Euro-Wide and winged headboard in Linoso Slate fabric. Shown in Kingsize for £5,334. Available from Hypnos – www.hypnosbeds.com

Botanical

The botanist's sketch book set free in a living space, taming natural elements by design and adding the structure of topiary within the bedroom. The style opens its doors to all the lush greens of the English garden and the beautiful burnt oranges of the sunset. Bold natural prints with a heavy focus on leaves act as a canopy to surround the bed and create the perfect tranquil environment.

Hypnos Sandringham Supreme mattress from the Regency Collection, with deep divan base and Olivia Euro-Slim headboard. Fabric is Sanderson's Tresco weave Tangerine. Shown in Kingsize for £5,265. Available from Hypnos – www.hypnosbeds.com

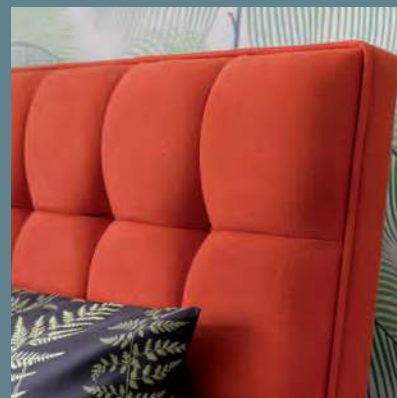

Soft Hues

Beauty that is simple, soft and feminine, this understated style is a gentle lullaby for your room. Romancing light pastel hues that fold into one another, from a spectrum of silver greys to blushed pinks and complemented with copper. Soft fabrics create a tactile sanctuary which longs to be touched and a bed to ease you into dreams on lazy summer days.
