collection

A beautifully upholstered headboard provides a bold 'silhouetted' statement to frame your bed, creating a stunning focal point and finishing touch to both the bed and the bedroom.

Choose from the elegant Euro headboard, which is upholstered all the way to the floor, available in the same width as the divan (Euro-Slim) or slightly wider than the divan (Euro-Wide). Alternatively choose a traditional 'strutted' headboard.

Every design detail of the Hypnos Headboard Collection has been carefully considered, providing the essential choice

of sumptuously upholstered headboards in a range of classic and contemporary styles, from deep-buttoned and hand pleated headboards to curved and elegantly shaped headboards. Choose your headboard from our collection of thirteen stunning designs.
