

Saunderton

ORIGINS PILLOW TOP COLLECTION

The Hypnos OriginsTM Story

Each Hypnos bed is individually handmade by master craftsman and customised to personal tastes and needs. Proud holders of a Royal Warrant, Hypnos' unrivalled 'best of British' quality is reinforced by a 10-year guarantee and a reputation for making the most comfortable beds in the world.

SPECIFICATION

- The Saunderton mattress artfully combines luxurious layers of responsibly sourced cotton and soft Solotex[™], together with Adaptiv[™] springs to sense and flex to your shape.
- Generous layers of soft cotton help keep sleepers cool at night. By responsibly sourcing its cotton, Hypnos are supporting continuing improvements for the environment cotton grows in and the farming communities who produce it.
- Contains a whole fleece, or 3kg, of pure wool (per 150cm mattress), that is 100% British and traceable to Red Tractor assured farms.
- This no-turn mattress features ReActivePro[™] 6-turn pocket spring system with Triple Edge Protection[™] featuring higher tension edge springs, framed support and two rows of genuine hand side stitching for a hand-tailored finish.
- Woven from sustainably sourced, unbleached cotton, this breathable soft sleep surface, is naturally safe and fire resistant without the use of traditional FR chemicals.

DESIGN OPTIONS

- We recommend pairing this mattress with a firm edge, sprung divan base for optimum comfort. Select a traditional deep or modern shallow divan style with a choice of feet.
- Choose a Hypnos headboard to crown the bed, upholstered in a range of fabrics to match the divan base and your interior, creating a stunning bedroom centrepiece.
