

The world's a better
place after a **good
night's sleep**

SleepSoul
Developed by Biries

Congratulations

on finding your
SleepSoul mate

At SleepSoul we've made it our mission to help everyone to find their perfect mattress. We want everyone to enjoy the physical and emotional benefits of a great night's sleep.

Setting up your
SleepSoul mattress

Four simple steps
to the land of nod...

Step 1

Unbox your SleepSoul mattress in the room where you'll be sleeping on it

Step 2

Pop it on your bed base, remove the outer plastic cover and unroll

Step 3

Remove the inner plastic wrap and wait for the magic to happen. In 2 hours it'll be good, in 24 it'll be great!

Step 4

Nap time – jump on and enjoy unbeatable comfort and deep, sound sleep

Like a dream

– keeping your
mattress at its best

Turning it

No need to flip your mattress, just rotate it 180° every 3 to 6 months.

Cleaning it

Vacuum regularly and spot clean stains, but be careful to not get your mattress too wet as this can cause damage.

Night, night, sleep tight

Rest assured knowing
that your SleepSoul
mattress comes with
a 10-year warranty.
