Baker's Notes

Research notes, not a state ruling. Baker talk is what people discuss. Official pages are cited separately. Confirm before you sell.

Sell to stores (next level)

Cottage / home-kitchen exemptions are usually direct-to-consumer and not for resale into stores. Selling into retail stores typically requires a state manufactured-food (or equivalent) permit and an inspected production kitchen, plus local zoning and business licensing.

This county: We have not collected local store-shelf notes for this place yet.

Confirm with the state food agency and local planning / commissioner offices before you sell into stores. Not legal advice.
