RESEARCH NOTES

Illinois cottage food law (PA 102-0633 eff. Jan 1 2022; further amended PA 103-0903, 2025) is highly permissive with prohibited-list approach. Registration required with local health department (\$50/year cap). Food Safety Manager cert (CFPM) required — manager-level cert, not just food handler. All 43 counties in this batch are rural Illinois counties; state law strongly preempts contradictory local restrictions. Fulton County in west-central IL; county seat Lewistown. Rural agricultural county along Illinois River. No county-specific cottage food deviations found. Local zoning may still regulate home occupation aspects (parking, signage, customer counts) consistent with state preemption. University of Illinois Extension and Illinois Stewardship Alliance offer county-level guidance. Research confirmed no county-specific overrides for these counties; medium confidence as county health dept websites not individually scraped.
