RESEARCH NOTES

State baseline applied. No county-specific home occupation zoning ordinance found for unincorporated Nodaway County. Missouri §196.298 expressly bars local health department regulation of cottage food production. The 2022 HB 1697 amendment removed the sales cap and added online in-state sales per MDHSS guidance; however the statute text on revisor.mo.gov still shows the \$50,000 cap, so medium confidence on current cap status. City of Maryville has its own regulations not researched here.

State context — Missouri cottage food law

Nodaway County’s rules sit on top of Missouri’s state cottage food framework. The state law sets the floor — counties can add but cannot remove protections.

STATUTE Mo. Rev. Stat. §196.298	ANNUAL SALES CAP —
REGISTRATION REQUIRED No	FOOD HANDLER CERT No
KITCHEN INSPECTION No	DIRECT SALES ONLY Yes

INDIRECT SALES
No — Under §196.298, sales must be directly to consumers from the producer’s home. Events, farmers markets, restaurants, retail stores, and roadside stands are not permitted under this law. Internet/online sales are allowed but only if both the producer and buyer are located in Missouri. Local health departments are explicitly prohibited from regulating the production of food at cottage food operations. A separate Missouri statute (individual stands law) allows sales at events and roadside stands in counties that have adopted it, permitting most other nonperishable foods.
