IMPORTANT — NOT LEGAL ADVICE

This report compiles publicly-available statutes, regulations, and county zoning rules into a research reference. It is **not legal advice** and is provided **without warranty** as to accuracy, completeness, or current applicability.

Cottage food law changes frequently. Counties may amend zoning, health departments may issue new permits, and state legislatures may update statutes after the publication date shown above.

Always verify rules directly with your state department of health/agriculture and your county health and planning offices before relying on them for any business or regulatory decision. Consult a licensed attorney for advice specific to your situation.

State context — Missouri cottage food law

Stone County's rules sit on top of Missouri's state cottage food framework. The state law sets the floor — counties can add but cannot remove protections.

STATUTE	ANNUAL SALES CAP
Mo. Rev. Stat. §196.298	—
REGISTRATION REQUIRED	FOOD HANDLER CERT
No	No
KITCHEN INSPECTION	DIRECT SALES ONLY
No	Yes

INDIRECT SALES

No — Under §196.298, sales must be directly to consumers from the producer's home. Events, farmers markets, restaurants, retail stores, and roadside stands are not permitted under this law. Internet/online sales are allowed but only if both the producer and buyer are located in Missouri. Local health departments are explicitly prohibited from regulating the production of food at cottage food operations. A separate Missouri statute (individual stands law) allows sales at events and roadside stands in counties that have adopted it, permitting most other nonperishable foods.
