Cottage food law changes frequently. Counties may amend zoning, health departments may issue new permits, and state legislatures may update statutes after the publication date shown above.

Always verify rules directly with your state department of health/agriculture and your county health and planning offices before relying on them for any business or regulatory decision. Consult a licensed attorney for advice specific to your situation.

State context — North Carolina cottage food law

Franklin County's rules sit on top of North Carolina's state cottage food framework. The state law sets the floor — counties can add but cannot remove protections.

STATUTE	ANNUAL SALES CAP
02 NCAC 9C.0307	—
REGISTRATION REQUIRED	FOOD HANDLER CERT
Yes	No
KITCHEN INSPECTION	DIRECT SALES ONLY
Yes	No
INDIRECT SALES	

Yes — Home processors may sell to retail stores, restaurants, and directly to consumers. Sales at farmers markets are permitted. Labels are required for wholesale and packaged self-service retail; direct hand-to-consumer sales (e.g., from home or at events) may be exempt from affixed labels if ingredient info is available on request. NC requires annual home kitchen inspection, which is unusual among no-cap states.
