RESEARCH NOTES

Pennsylvania LFE program is well-documented with state .gov source. One of Pennsylvania’s least populated counties. Very rural. PA Dept of Agriculture governs LFE statewide. No county health dept. State rules high-confidence; county-specific municipal zoning not researched at municipality level. Confidence medium: state rules apply uniformly, municipal home occupation rules vary.

State context — Pennsylvania cottage food law

Sullivan County's rules sit on top of Pennsylvania's state cottage food framework. The state law sets the floor — counties can add but cannot remove protections.

Limited (see notes) — Registration includes sales direct from the production site including internet sales. However, a separate Retail Food Facility License may be required for sales at events or Farmers Markets. Businesses aiming to sell across state lines might also need FDA registration. The registration covers home-based operations in residential kitchens as well as residential-style kitchens in alternate locations such as churches, fire halls, or remodeled garages. Not available in Philadelphia County.
