

TRAILER HITCHES

Tested. Proven. Safe.

CURT products are thoroughly tested and proven safe to give you confidence for the road ahead.

Our goal isn't just to offer a stronger hitch or a more dependable wiring harness. We want to give you the means to enjoy your lifestyle. That is why we continue to pursue excellence and innovation in our products, maintaining dedicated engineering teams and testing facilities.

Whether you're towing 30,000 pounds or packing up for a weekend getaway, CURT offers you the freedom to pursue your passion and the peace of mind to enjoy every mile of it.

What Makes Our Hitches Unique

All CURT custom-fit receiver hitches are engineered, fabricated and welded in the USA

We test our hitches in-house at our Detroit facility according to SAE J684 specifications

For rust resistance inside and out, our hitches are immersed in a liquid Bonderite®

Our hitches are co-cured with a durable powder coat for industry-leading rust, chip and UV protection

Additional Features

- Made with a vehicle-specific design for a custom fit. See curtmfg.com for applications
- 1-1/4", 2" or 2-1/2" receiver tubes to accommodate a variety of hitch accessories
- Weight capacity options up to 20,000 lbs.
- Durable gloss or carbide powder coat finish
- Includes imported installation hardware
- Limited lifetime warranty

PROUDLY MADE IN THE USA

All CURT custom-fit receiver hitches are made in the USA. From design to finish, we do everything on American soil because we believe in providing products of the utmost quality for our customers.
