Tested. Proven. Safe.

CURT products are thoroughly tested and proven safe to give you confidence for the road ahead.

Our goal isn't just to offer a stronger hitch or a more dependable wiring harness. We want to give you the means to enjoy your lifestyle. That is why we continue to pursue excellence and innovation in our products, maintaining dedicated engineering teams and testing facilities.

Whether you're towing 30,000 pounds or packing up for a weekend getaway, CURT offers you the freedom to pursue your passion and the peace of mind to enjoy every mile of it.

Sold / Installed By

TOW BAR BASE PLATES

Our tow bar base plates are engineered for a custom fit on each unique vehicle. Most models feature an OE-style design to fully integrate with the front of the vehicle and maintain a factory look.

- Spreads towing forces equally for reduced stress on the vehicle frame
- Physically tested to gross vehicle weight rating (GVWR)
- Co-cured in rust-resistant liquid Bonderite® and finished with a high-gloss black powder coat

Product varies by vehicle application

TRUST THE TOWING EXPERTS

RAMBLER™ STEEL TOW BAR

The CURT Rambler™ steel tow bar is easy to use and highly tested for reliable flat towing. It also stores quickly and conveniently, featuring pivoting arms that can be moved to either side or apart. The CURT Rambler™ is rigorously tested for absolute confidence in your towing setup.

- Rigorous physical testing for proven safety and performance
- Polymer isolator washers reduce friction for smooth, anti-rattle operation
- Premium textured black finish for lasting corrosion and wear resistance
- Fits 2" x 2" trailer hitch receiver tubes
- Two hitch pin holes for added clearance
- Compatible with CURT or Blue Ox base plates (sold separately)

Patent-pending, non-binding latches for easy release on inclines, declines and turns

Fully sealed design and rubber sleeves protect against dirt and debris

WHY OUR TOW BARS ARE SUPERIOR

CURT has a long history and experience in the towing industry - we know it in and out. We test our products to rigorous standards because successful towing starts with safety. Years of knowledge and experience have culminated to produce our line of tested, proven RV tow bars. CURT tow bars are well-crafted, easy to use and reliably tough to give you the peace of mind to enjoy every mile of the road ahead.

Design expertise

Years of engineering experience have been poured into the design of our tow bars, delivering superior features, such as our non-binding latches.

Craftsmanship

Down to the smallest detail – like a fully sealed design and slide-resistant arms – CURT tow bars are crafted for real RVers and everyday road warriors.

Physical testing

Computer testing isn't enough on its own. CURT RV tow bars are rigorously tested in real-world, physical conditions to ensure your safety.

CURT provides you with the complete package to flat tow safely!
