

# SLIMGRIP™ 5" RUNNING BOARDS

**SLEEK,  
RUGGED STYLE.**

**FLEET-GRADE  
TRACTION.**

**LIGHTWEIGHT  
AND RUST-FREE.**

**NEW**

Application table available at [luvernetruck.com](http://luvernetruck.com)

New SlimGrip™ running boards offer safe footing and a sleek, rugged look on the working truck or off-roader.

They are built to provide the same fleet-approved traction and rust resistance as our popular Grip Step™ running boards, while adding an aggressive style with their narrowed profile and angular end caps.

- Expanded metal treads for maximum traction and safety
- Open treads knock dirt and snow off boots to help keep the truck cab clean
- 5052 aluminum construction with textured black powder coat finish
- VersaTrac™ mounting system for easy installation and vehicle customization
- No-drill, vehicle-specific application for a custom fit
- Powder-coated brackets use stainless steel fasteners for lasting strength
